## REVOLUTIONISTS CLASH WITH POLICE AND TROOPS; DIVIDED AS TO MEASURES

Lodging House is Surrounded and Riddled With Bullets.

Court Not Decided How to Meet Terrorist Campaign.

Premier Stolypin Would be Moderate--Monarchists Want Dictator.

Riga, Aug. 28.—Police and troops today surrounded a lodging house on Stokova street, where bombs had been discovered. The revolutionists inside fired with rifles from the windows on the attacking party, and also threw a bomb, whereupon the troops riddled the house with bullets, killing or wounding all the inmates. Two men and a woman were killed.

At another place in the suburbs a Polish student was killed and several were wounded while resisting arrest.

St. Petersburg, Aug. 28.—The court at Pskov apparently is divided as to how to meet the campaign of the terrorists. Premier Stolypin and his cabinet, however, have taken a stand against repression upon a scale which would drive the whole population into revolt. The premier's views are reflected by the Russian today, which declares the government must not be frightened into abandoning the reform program. It is only necessary, the paper asserts, to draw the line between loyal opposition and those who, by word and deed, seek the destruction of the government.

The Novoye Vremya proposes, "as an exit from the dead end of the kind of civil war," to confer upon the cabinet authority to prepare a constitution which will realize the hopes of the nation.

The Svet continues to advocate a concert of the powers to suppress anarchy and anarchism. Against these comparatively moderate propositions the reactionary party at court is urging a dictatorship of India, as foreign publishes a report that upon the initiative of the council for national defense, an extraordinary conference, somewhat similar to that which created the committee of public security, after the assassination of the emperor, had been called to meet at Pskov during the latter part of the week.

The funeral of the victims of the bomb explosion of Saturday last, at the residence of Premier Stolypin, was held today under military escort. There is some dissension in the camp of the Social Revolutionists over the decision to wage a war of attrition against the officials, as is manifested in a proclamation by the moderate wing of the party, which demands the exclusion of the life of Premier Stolypin, which is attributed to the "lying group" or younger members of the party.

Moscow, Aug. 28.—The monarchist party, in an address to the emperor, just published, openly appeals for a dictatorship, "which will put an end to the demagogues in the army," and also urge the complete suppression of parliament and the restoration of the autocracy.

Should his majesty, however, insist on retaining the parliament, the monarchists promise loyal cooperation, on condition of the exclusion of the Jews from the suffrage.

Akhikra, Russia, Aug. 28.—Many minor houses in this vicinity have been set on fire by the peasants, and are burning.

### CHINAMAN ROBBED

At Cass Lake by Two Youths, Who Are Arrested.

Cass Lake, Minn., Aug. 28.—(Special to The Herald.)—Two young boys, aged 17 and 18, at 10:30 last night entered the Chinese laundry and after overhauling the Chinaman, robbed him of \$50, and then attempted to leave town. However, immediately after the holding, the police were notified and soon Sheriff Riddell, City Marshal Keating and Officer Congdon were on their trail. The boys, when they returned to the scene of their crime and returned the stolen money. Soon after they fell into the clutches of the officers and were immediately placed under arrest.

### KILLS THROUGH JEALOUSY.

Brooklyn Fireman Kills Woman and Shoots Another.

New York, Aug. 28.—Martin Winterstein, 30 years old, a fireman on the steamship Colon, shot and killed Mrs. Annie Larsen, 29 years old, in her apartment in Brooklyn this morning. Mrs. Sullie Frida, 29 years old, a cousin of Mrs. Larsen, was shot and seriously wounded by the fireman. Winterstein was arrested after a hard struggle. He was infatuated with Mrs. Larsen and said that jealousy prompted the crime.

## INSURGENT LEADERS ALREADY TIRING OF THEIR LITTLE FIGHT

### HEAVY LOSS IN ST. PAUL

Two Factories and Big Tenement Make Fierce Blaze.

Total Loss Put at \$355,000—Tenants Lose Everything.

St. Paul, Aug. 28.—(Special to The Herald.)—Fire which started in the warehouse of the Helms Packing company on the west side shortly after midnight and burned fiercely for three hours, destroyed the big plant of the Helms company, the largest factory of the American Can company and a three story frame tenement building on the opposite side of the street. The total loss is estimated at \$355,000.

When it was found that the fire had gotten beyond the control of the firemen the tenants in the frame building, about thirty in number, many of whom were employed in the factories were ordered out of the building. The tenement soon caught fire and when the walls of the can factory fell they crushed the frame building to the ground. The tenants lost about all their personal effects.

The loss on the American Can company's plant is estimated at \$300,000; Helms Packing company \$50,000; and the tenement building \$5,000.

### WINS AGAINST UNION LABOR

Damages Granted Baker for Being Boycotted in Business.

Racine, Wis., Aug. 28.—Judge Fowler of Fond du Lac, today awarded Otto B. Schulz, a prominent baker of this city, \$4,000 damages in his suit against some eighty members of the trades and labor council for boycotting his business. Schulz's business, which he has owned for some two years ago, because he refused to put the union label on his products. The decision was handed down in the circuit court at Fond du Lac.

All Important Ones Except Pino Guerra Ready to Quit.

Secret Service Makes Charge Against Senator Morua Delgado.

Accuses Him of Being Chief Supporter of Insurrection.

Havana, Aug. 28.—Investigation shows that the statement made by Senator Dorz, a leader of the Moderate party, at the conclusion of a conference with President Palma at midnight to the effect that practically all the insurgent leaders of consequence except Pino Guerra, had signified their willingness to disband their men, if all were positively guaranteed immunity for their insurrectionary acts, was an exaggeration, but the impression is very general that the insurgents, with the exception of Pino Guerra, will shortly lay down their arms. Meanwhile it is asserted, all the recruiting will cease. The pay of the artillerymen and rural guards has been raised, the officers getting a 20 per cent increase and the privates an increase of 50 per cent. Secretary of the Treasury Font

### COMPANIES ARE PAYING LOSSES

Thirty-Five Disburse More Than \$55,000,000 to Frisco Losers.

San Francisco, Aug. 28.—Thirty-five insurance companies out of the 120 involved in the San Francisco disaster have paid in the aggregate \$55,103,563.22, according to their office records to date. Some of the larger concerns have made heavy payments. The Royal of Liverpool is credited with \$3,604,600; the Hartford with \$3,013,705; the New York underwriters with \$3,496,787; the Aetna of Hartford with \$3,225,502; and the Liverpool & London and Globe with \$3,721,258. Six companies have paid upwards of two millions apiece, while an equal number have exceeded one million.

## FORECASTS IRISH PLAN

London Journal Presents Probable Scheme of the Government.

Establishment of Council at Dublin is Chief Feature.

London, Aug. 28.—The Daily Chronicle this morning forecasting the government's proposed revolution scheme for Ireland, says legislative union will not be touched and that Irish representation at Westminster and the powers of the imperial parliament will not be changed. The chief feature will be the establishment of an Irish council at Dublin, directly elected, consisting of 103 members, the same as the Irish representation in the house of commons, with the addition of forty-eight councillors directly elected for larger areas by electors having a rateable value exceeding \$100, peers and clergymen being eligible.

This is almost the same as the legislative council and legislative assembly of Gladstone's bill, only they form one body and not two. The Nationalist party as now organized in the council, the chief secretary would under the new scheme, be ex-officio chairman of the Irish council and, as representing the lord lieutenant, would consult the leader of the majority in the council regarding the appointment of the chief heads of departments, the head of the finance department occupying a position analogous to that of premier, who, with his colleagues, would hold their posts dependent upon the vote of the council.

The scheme includes reorganizing the Irish government into departments such as finance, land, education, etc. The judiciary will not be molested. The chief secretary will be the spokesman for the council and its ministers to parliament. All Irish legislation would still come before the house of commons, bills being sent there by the council.

Financial arrangements will be the crux of the scheme. Simultaneously will be aimed at, the elaborate provisions of previous home rule bills not being received.

The Daily Chronicle seems to intimate that Irish members of the house of commons will be members of the council which would sit when the imperial parliament is not sitting. The scheme will be open for revision after five years.

### THE PAPAL ENCYCLICAL.

French Bishops and Archbishops to Have a Conference.

Paris, Aug. 28.—Preparations have been completed for a conference of the French bishops and archbishops, which will be held at the end of the month of September. The purpose of the conference is to discuss the attitude of the clergy in view of the separation of church and state. Cardinal Richard, Archbishop of Paris, will preside and eighty prelates are expected to attend. The meeting of the bishops and archbishops will be secret.

## TWENTY-ONE PERSONS HAVE NARROW ESCAPE FROM STEAMER EDDY

Consul Has Resigned

G. Jarvis Bowens Retires as American Consul at Guadeloupe.

Sent Alarming Reports of Situation That Were Unwarranted.

Washington, Aug. 28.—G. Jarvis Bowens has resigned as American consul at Guadeloupe, French West Indies. He left the service shortly after the rioting in Guadeloupe, which caused him to send alarming reports to the state department about the dangers which threatened American interests in Guadeloupe. Mr. Bowens reported that the situation was serious and beyond local control. In view of this report, an American gunboat was sent to the island, to the displeasure of France, which had warships near Guadeloupe, and was prepared to check election riots. An investigation of conditions in Guadeloupe is said to have shown that the American consul was not warranted in making such alarming reports, and this is believed to have been the cause of his withdrawal from the service.

### VETERANS IN RIFLE SHOOT

Old Guard of Massachusetts Wins Team Match Shoot.

Seagirt, N. J., Aug. 28.—The team representing the Old Guard of Massachusetts won the veteran organization team match shoot here today with a score of 20. The team of the Old Guard of New York was second with 28. The second event of the day, the rifle match, followed. It is a snuffed competition, open to all comers, and individuals competed. Each competitor fired ten shots at 40 yards. The first prize is a trophy, to be held for one year and to become the property of the competitor winning it three times, not necessarily in succession, a miniature of the cup and \$10. There are three additional prizes of \$5 each.

The third and final event of the day, the Leech cup match, in which there were also a large number of entries, was scheduled to begin this afternoon. Each competitor will be required to fire seven shots at 40 yards, seven shots at 80 yards and seven shots at 100 yards. The first prize is the Leech cup, to be held by the winner during the year and a gold badge. There are four other prizes.

Governor Stokes of New Jersey has established headquarters here.

### DIPLOMAT ACCUSED

Of Stealing \$10,000 Diamond Ring Found in His Trunk.

Brest, Aug. 28.—A judicial inquiry into the charge against the well-known Russian diplomat, Alex Greger, accused of appropriating a diamond ring valued at \$10,000 belonging to Countess Rodolphe de Porzies, in the course of a visit to Kerestours castle, Brittany, was opened here this afternoon. M. Greger said that he had no knowledge of the presence of the ring in his trunk, where it was found, and he believed it was placed there by some of the servants. The count and the countess maintained their accusation.

M. Greger is an American and the countess is said to have been born in the United States. M. Greger was formerly attached to the Russian legation at Washington, and at one time acted as consul of Russia in New York. He retired from the diplomatic service some time ago.

### POSITIVELY DENIES IT.

Standard Oil Company Not After the Distilleries.

New York, Aug. 28.—M. F. Elliot, general counsel for the Standard Oil company was shown the telegram from Peoria, Ill., to the effect that the Standard Oil company had taken steps to acquire all of the principal distilleries in the United States as the result of the passage of the denatured alcohol law by congress. "Nothing could be more absurd," said Mr. Elliot concerning this matter. "The Standard Oil company has taken no steps in this direction, whatever, nor will it."

### CAMP INSTRUCTION BEGINS.

Fort Riley, Kas., Aug. 28.—The third period of instruction of the regular troops has begun at the camp here and will last for eight days. The team practice of marksmen that will go from the Missouri national guard now here to the national rifle competition at Seagirt was commenced yesterday.

### INVITED TO SPEAK.

Kansas City, Aug. 28.—An invitation was extended today to Vice President Fairbanks and Governor Cummins of Iowa, to make speeches at Fairmount park on August 31, at a field day being arranged by the Missouri Republican club.

Gilchrist Boat Burns Off Port Sanilac, Lake Huron.

Captain's Wife and Little Children and Crew Are Rescued.

Captain Ill and Had to be Carried From Vessel.

Detroit, Aug. 28.—Twenty-one persons, including the captain's wife and two children, were rescued, early today, from the burning steamer Charles A. Eddy, D. B. Eisey, master, by the Detroit & Cleveland line steamer City of Mackinac, off Port Sanilac, in Lake Huron. All of them escaped uninjured and were brought to this city on the City of Mackinac. The Eddy was destroyed.

The Charles A. Eddy, which was owned by the Gilchrist Transportation company of Cleveland, and is a wooden boat, was bound down from the Head of the Lakes with a cargo of ore. Fire broke out early today, while the steamer was off Port Sanilac. It spread with great rapidity, and was soon beyond control of the crew. Distress signals were sounded, and Capt. Simpson of the City of Mackinac, which was bound down from Mackinac Island to Detroit, three miles beyond the Eddy, when he came along in response to the distress signals.

The heavy sea was running, and Capt. Simpson decided that the quickest and safest way to take off the score was to burn the burning boat was to lay his big steamer alongside. He accordingly steered the City of Mackinac to the windward of the burning freighter, and amid great excitement among the hundreds of passengers, came alongside of the Eddy and took her crew off over the rail. Captain Eisey of the Eddy was sick in bed with lumbago, and had to be carried from his ship to the Mackinac, with his wife and two children, aged 3 and 4 years. Everyone on the Eddy lost all their possessions, except the scanty clothing they had on.

Dispatches from Port Sanilac this forenoon say that the Eddy is still burning and is off that port with two barges standing by her and apparently trying to tow her to the nearest harbor. A large part of the boat had been consumed by the fire for some time, and it was believed to be under control.

The fire broke out in the forward end of the boat and spread so rapidly that several members of the crew had to break the windows over their bunks and crawl through, as the regular means of egress were blocked by fire and smoke. Captain Eisey's wife was driven by her cabin clad only in a night gown and stockings and the two baby girls were almost nude. The second mate had on only a fur overcoat when rescued. The half clad frightened people huddled unprotected from the cold wind on the open deck while waiting for the City of Mackinac to take them off.

The captain, C. A. Eddy, which caught fire and was deserted by its crew on Lake Huron, was picked up by the lumber steamer F. A. Meyer and brought here at 11 o'clock this morning. The fire was extinguished after the forward cabin and the regular means of egress were blocked by fire and smoke. Captain Eisey's wife was driven by her cabin clad only in a night gown and stockings and the two baby girls were almost nude. The second mate had on only a fur overcoat when rescued. The half clad frightened people huddled unprotected from the cold wind on the open deck while waiting for the City of Mackinac to take them off.

### MORAN SENDS A TART REPLY

To Chairman Quincy of Democratic Committee of Massachusetts.

Boston, Aug. 28.—District Attorney John P. Moran, candidate for the Democratic gubernatorial nomination, today sent to Chairman Josiah Quincy, of the Democratic state committee, a letter replying to Mr. Quincy's suggestion that Mr. Moran's candidacy be submitted to William J. Bryan. Mr. Moran says:

"As no candidate opposes my nomination the suggestion of arbitration is absurd. The only contest now possible is that about to take place between Guild and Moran."

I sent you a Moran campaign button, the wearing of which will be indisputable proof of your recognition of the right of Democratic masses to govern themselves in defiance of dictation by self constituted bosses."

### AN EAGLES' OFFICIAL.

South Bend, Ind., Aug. 28.—Fred H. Fritzen of this city has been elected assistant treasurer by Frank E. Herling, national treasurer of the Fraternal Order of Eagles. E. A. Partridge, grand secretary, is here installing the voucher check system at national headquarters.

### AGED ENGINEER DIES.

Atkinson, Rany Aug. 28.—E. S. Wells, one of the first civil engineers employed by the Burlington road and at Fairmount park on August 31, at a friend of Abe Lincoln, when both lived in Springfield, Ill., died at his home here yesterday, aged 73 years.

Entire Cuban Government Force Moves Toward Pino Guerra.

Another Insurgent Leader Reported to Have Entered Cabanas.

Havana, Aug. 29.—The entire government force, commanded by Col. Avila, left San Juan de Matanzas this morning and moved in the direction of Granes and the position occupied by the insurgents under Pino Guerra.

Congressman Campos Marqueti is reported to have entered Cabanas, on the north coast of the province of Pinar del Rio, with a large band of insurgents.

The insurgents have removed the body of the late Cuban president, Don Manuel Domínguez, from the province of Santa Clara.

The first frank outright discussion of the situation appears in the latest issue of the Cuban press.

The editorial article, which was written by the chief editor, Nicholas Rivera, a prominent member of the Spanish element, says:

"Some people admit that the present situation is very serious. We do not know whether they are right, but we know whether they are not."

St. Petersburg, Aug. 29.—In spite of the threats of the revolutionists the transfer of the body of Gen. Min from Peterhof to St. Petersburg for internment in the regimental chapel of the Semenovskiy regiment took place yesterday without incident, though with imposing military ceremony.

In the afternoon, its departure from Peterhof having been preceded by another religious service at Peterhof, at which the emperor, empress and grand duke Nicholas again were present.

The body was taken to the barracks here by the entire Semenovskiy regiment and by detachments from other guard regiments.

## IMPORTANT QUESTIONS TO BE CONSIDERED BY LAWYERS OF THE NATION

TO DOUBLE  
CAPACITY

Harriman to Employ Electric Power in Crossing Sierras.

Will Increase Speed and Capacity and Lessen Cost.

San Francisco, Aug. 29.—The Southern Pacific is seriously considering the use of electric power to take the heavy freight and passenger trains over the steep grades of the Sierra Nevada mountains.

Electric power can be easily installed, according to the preliminary reports to the present speed of the trains of about 100 per cent. The best speed the powerful locomotives now hauling the freight cars can make over the steep grades is eight miles an hour and sometimes three locomotives have to be attached to attain this.

It is understood that the new electric power will take the cars over the grades at a minimum rate of fifteen miles an hour.

It is proposed by the Southern Pacific to do away with some of the hardest grades by the use of tunnels, which will be bored in the vicinity of Summit and Truckee. In all probability the solution of the power question will be found in a plant on the mountains. It is suggested that such a plant can be built and equipped at a moderate cost, using oil as fuel, and can supply all power necessary.

If the proposed improvements are made it is estimated that the cost of hauling the trains will be cut in half and the freight carrying capacity of the road over the summit of the Sierras will be almost doubled. Oil will be used with the electric engines and the expense will be considerably decreased.

SHOOTS THE CONSUL.  
Contractor Wounds Russian Representative at Tien Tsin.

Tien Tsin, Aug. 29.—The Russian consul here, M. Laptev, was shot in the stomach today by a Russian concession contractor, named Levinsky, who fired four times at the consul and hit him in the stomach.

The shooting occurred at the Russian consulate. Levinsky was arrested and placed in jail here.

The cost of the work of automating to suppress the insurrection up to the present time has been over half a million dollars.

The first frank outright discussion of the situation appears in the latest issue of the Cuban press.

The editorial article, which was written by the chief editor, Nicholas Rivera, a prominent member of the Spanish element, says:

"Some people admit that the present situation is very serious. We do not know whether they are right, but we know whether they are not."

CAUSED NO TROUBLE.  
St. Petersburg, Aug. 29.—In spite of the threats of the revolutionists the transfer of the body of Gen. Min from Peterhof to St. Petersburg for internment in the regimental chapel of the Semenovskiy regiment took place yesterday without incident, though with imposing military ceremony.

In the afternoon, its departure from Peterhof having been preceded by another religious service at Peterhof, at which the emperor, empress and grand duke Nicholas again were present.

Annual Gathering of American Bar Association at St. Paul.

Important Report on Insurance Law to Come Before It.

President George R. Peck of Chicago Delivers Annual Address.

St. Paul, Aug. 29.—Prominent lawyers from nearly every state in the Union and a great many more who are not so prominent are gathered in St. Paul today to attend the Twenty-ninth annual meeting of the American Bar association which will be held in the house of representatives chamber of the state capitol.

The first session was called to order at 10 o'clock this morning by George R. Peck, of Chicago, president of the association. This is the first time the American Bar association has ever been so far into the Northwest to hold its meetings but notwithstanding the distance there seems to be no lack in the interest.

Over 200 attorneys had registered from other cities when Secretary Hinkley closed the registration at 10 o'clock.

The committee on insurance law presents its report. Federal supervision over insurance is favored by a majority of the committee, who in their report hold that insurance is interstate commerce. A vigorous minority report will be sent to the association attacking the theory that insurance is interstate commerce and can be regulated by the federal government.

The attorneys are especially interested in securing the passage of a bill by congress to create a court of patent appeals. The report of the committee on this matter will be sent to a bill creating such a court, to be presented over by five judges, who shall sit in the supreme court.

As one of the principal objects of the association is to uphold the honor of the profession, the report of the committee on a code of professional ethics will be one which will meet with some interesting discussions. In the afternoon the association will meet with some interesting discussions.

## PHILADELPHIA BANK WAY OPEN DOORS IN TWO DAYS

GREAT CROWDS ARRIVING  
IN NEW YORK TO EXTEND  
WELCOME TO BRYAN

Steamer is Sighted and Will Arrive in Afternoon.

Bryan to Stay on Yacht Until Hour of Reception.

Nebraskans Charter Tug to Give Him "Home Folks" Welcome.

New York, Aug. 29.—Word was received early today at the office of the North German Lloyd Steamship company that the steamer Princess Irene, on which W. J. Bryan is a passenger, had passed Nantuxet light at 1:40 o'clock this morning.

The steamer signaled that all was well on board. She will probably dock at 3 o'clock this afternoon.

Princess Irene was sighted southeast of Fire Island at 11:45 a. m. When sighted by the Marine observer at Fire Island, the Princess Irene was about ten miles southeast of that point. The steamer will pass in Sandy Hook about 3:15 o'clock this afternoon and reach the quarantine station, off Fort Wadsworth, Staten Island, about 3:30 o'clock. She should reach her dock at Hoboken about 5 o'clock.

New York, Aug. 29.—Hundreds of persons came into town today from all sections of the country to attend the reception to William J. Bryan, and the hotels are assuming a lively enthusiasm, and the signs are that Mr. Bryan will be given a most hearty greeting.

The Victoria hotel, the headquarters of the Commercial Travelers Anti-Trust league was a busy place early today, many of the visiting delegations calling there to ascertain the final arrangements and to make known their presence in the city.

FUNDS ARE  
PLEGDED

Court Will be Petitioned to Dismiss the Receiver.

Directors Said to Have Known Little of Bank's Affairs.

Philadelphia, Aug. 29.—A meeting is in progress at the office of a large national bank and it is stated that sufficient funds have been pledged to enable the Real Estate Trust company to reopen its doors within forty-eight hours. As a preliminary to this the court will be petitioned to dismiss the temporary receivership.

Philadelphia, Aug. 29.—So great was the confidence reposed in Frank K. Hipple, late president of the Real Estate Trust company, which was yesterday forced to the wall because of the secret business transactions of Mr. Hipple, that the institution was virtually the bank of the Presbyterian church. Not only the General Assembly, but even the smallest Sunday school organizations and hundreds of individuals, with abiding faith in the integrity of the late president, have entrusted their funds and savings to the institution.

"It almost destroys a person's faith in human nature," said H. P. Ford, private secretary to Dr. Alexander Henry, secretary of the board of publication and Sabbath school work of the Presbyterian church. "As treasurer of the trustees of the general assembly, Mr. Hipple had control of over \$1,000,000 and was a member of the prominent committee on home missions and sustenance in the synod of Pennsylvania and the Presbyterian hospital of this city, other large amounts were at his command."

Since the failure of the trust company it has been learned that only a few months ago the institution was under consideration as a possible depository for the foreign missionary funds of the Presbyterian church. The influence of Mr. Hipple, it is said, might have eventually prevailed. The annual contributions to foreign missions amount to over \$1,200,000 and its surplus on hand always equals half of that amount.

It is likely that an investigation of the manner in which President Hipple came to his sudden death will now be made. Coroner's Physician Reed, of Morristown, admits that Mr. Hipple may have committed suicide. The few friends who attended the private burial of the late president to the trust company on Monday had knowledge of his difficulties, but none of them was aware of his greatly involved financial conditions. He was not known to have been a stock speculator, although financiers say he was one of the many who lost heavily in Consolidated Lake Superior stock several years ago. Real estate investments seemed to have engaged his attention and money almost exclusively. This is borne out through his connections with Adolph Segal and the latter's enterprises.

Late last night Adolph Segal, his counsel, and District Attorney John Bell held a conference. Mr. Bell said he had been called in by Segal, because the promoter thought it entirely feasible to raise the \$3,500,000 needed by the Trust company. Mr. Bell said he was in no way connected with the case more than that he might aid in raising the funds necessary to place the company again on a sound basis.

It is the expressed opinion of bankers that the Real Estate Trust company failure does not involve any other banking house in the city. The three depositories for the funds on the trust company are the Franklin

## HEAD CRUSHED FLAT BY ROLLER

Young Man Meets a Horrible Death at Wausau, Wis.

Wausau, Wis., Aug. 29.—One of the most horrifying deaths in the annals of this city befell an unidentified young man shortly before 6 o'clock Monday evening. The young man's head was pressed flat under a street roller which became unmanageable while being operated on a new pavement near the south bridge.

The man, who had just come from the West side, jumped onto the rear of the roller, to which two boys previously had been attracted.

The roller had finished its course up the hill from the bridge and as usual, the engineer moved it backwards to move it around. At this moment the engine became uncontrollable and the engineer called to his three passengers at the rear to get off. This the two boys hesitated to do, but the young man refused, and replied: "I'll stay on as long as you do."

However, when he saw that the rear end of the massive machine was likely to strike a telephone pole, he jumped. His head struck the cement walk, and when the roller passed over his head the telephone pole was broken off and the cement walk was badly damaged or a few yards.

When the undertaker picked up the corpse the brain dropped entirely from the crushed skull upon the walk. The left eye was open and seemed very lustrous, while the right eye, together with that side of the face and head were crushed to pulp.

There is a theory that the man was intoxicated and that his recklessness probably could be explained by his condition.

## BIER OF WIFE LAWSON'S HAUNT

Sits All Day Beside Unburied Body of Beloved Spouse.

Boston, Aug. 29.—Refusing to be comforted for the loss of his wife, who was his chum for nearly thirty years, Thomas W. Lawson sits all day beside the unburied body of his magnificent estate, Brookwood, in Scituate, and paces the floor of his bedroom most of the night.

Each morning he covers the hermetically sealed coffin with flowers, and there remains with him day and night, and shows no sign of being less acute today than the day his wife died suddenly nearly a month ago. He has abandoned business completely, having left all his vast fortune to do, and the young man refused, and replied: "I'll stay on as long as you do."

## FOUR LABORERS KILLED BY TRAIN

Greeks on Their Way to Railroad Work Are Struck.

Loveland, Ohio, Aug. 28.—Four Greek laborers were killed and another man fatally injured by being struck by a Baltimore & Ohio Southwestern train at Symmes, three miles from here this morning. The dead are: Henry Grazian, John Boshenofoulos, William Murkes, Peter Niofoues. George Bass, timekeeper, was fatally injured. The men were employed on railroad construction work and were on their way to work at the time of the tragedy.

## TIME FOR FILING HAS PASSED

No More Names Will be Received by County Auditor.

Any belated candidates who attempt to get their names placed upon either of the primary election ballots today will receive a surprise when they learn that County Auditor Hadden stopped taking filings when the courthouse was closed last night. It was generally understood throughout the county that today was the last day for filing but instructions were received from the office of the secretary of state that Aug. 28 was the last day.

No one attempted to file during the forenoon and it is quite likely that all who care to get into politics this season have already done so. It was thought to be the safe plan by those in authority to refuse to receive filings today to leave the decision open to a contest by going over a day or two.

### Sue for Work Done.

Under the firm name of the Gracie Steam Boiler Works, James F. Dacey, Francis J. Dacey and Mary J. Dacey, have started suit in district court for the recovery of \$281 which they claim to be due them from the wholesale firm of Butler Bros.

They claim that at the request of the latter company they furnished work, labor and material at Hibbing, Minn., for which they sent in a bill of \$281 which they considered fair and reasonable for their services. Butler Bros. have so far refused to pay the sum and the Duluth county demands that judgment be awarded them in the sum of \$281. John H. Norton is the attorney for the Gracie company.

## BEDE INDUCES FRIENDS TO "LOVE ONE ANOTHER"

Old Breach on Receivership Question Reported to be Healed.

Rumored That R. D. Haven Will Manage Congressional Campaign.

Congressman J. Adam Bede may have allowed his political fences to get somewhat run down and out of repair, as alleged, but the effects of his centering are plainly visible since he got back to his own stamping ground from Washington.

He didn't let much grass accumulate under his feet when he saw the situation, evidently, for today it was learned on good authority that R. D. Haven was to take a prominent part in the management of Mr. Bede's campaign, and would probably be in charge at the Bede headquarters together with Postmaster Guy Eaton and Receiver Morrison.

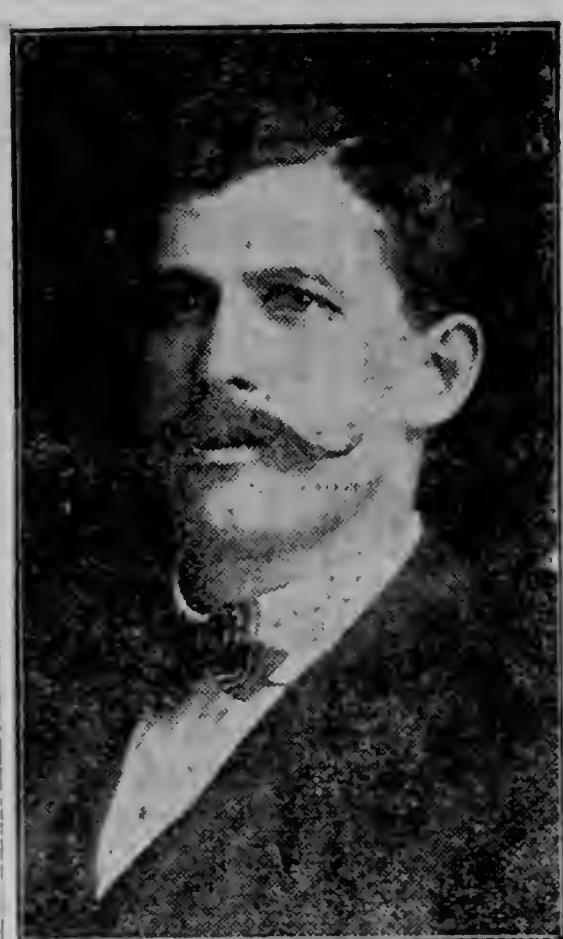

This means that the breach between the Haven forces and Bede has been healed, and the old trouble which arose over the shaking of the federal plum tree and the distribution of the fruit, has evidently been forgotten.

The breach was occasioned when the "Little Tammany" faction, composed of Receiver Morrison, D. E. Stevens and others, succeeded in defeating R. D. Haven in his efforts to become receiver of the local land office.

The healing of the breach will be more or less of a bombshell in the ranks of the Millar supporters, who were counting on the squabbles among Bede's friends to make votes for Millar.

Congressman Bede will be the speaker at a good-old-fashioned, Republican meeting to be held at the Armory next Friday evening. Political issues of the present campaign will be the subject. Mr. Bede announces that he will be pleased to answer any questions regarding his stewardship, and extends a special invitation to attend.

This will open the fall campaign in Duluth, so far as public speaking-making is concerned. It is expected that E. L. Millar, candidate for the nomination on the Republican ticket in opposition to Mr. Bede, will be the next to conduct a public meeting in this city for a discussion

R. D. HAVEN,  
Who May Manage Bede's Campaign.

of the situation. He already has made speeches in other parts of the district, and is engaged in an energetic campaign.

Later on will come the speakers in the state campaign, and altogether a season of good "entertainment" is promised those who are predisposed to that sort of thing. Congressman Bede and Millar both have established reputations as witty speech makers, and much of national note appear here during the gubernatorial campaign.

It looks very much as if the Democrats would not have a full county ticket in the field this year. Thus far the office of sheriff is the only one for which a Democrat has filed, except that of county commissioner. This is the last day for filing and it is hardly expected that any more Democrats will get into the field this afternoon. More candidates may enter the field later on by special petition, however.

Charles d'Auteourt, Jr., the well known attorney, was prominently mentioned as a possible candidate for congress from the Eighth district on the Democratic ticket. It is understood that strong pressure was brought to bear on Mr. d'Auteourt so as to prevent him from running, but he declined to do so.

with all possible vigor as soon as the post was discovered.

The worm may not be the true army worm, but it works very much like it, and its habits are similar, as it seems to collect itself in great numbers at the daytime and accomplish its work of destruction at night.

Mr. McGadden has been keeping careful watch, and finds that the worms turn into butterflies after the manner of a great many worms, and it is these butterflies that have caused amazement at different points.

The worm is not likely to appear again for several years, and no alarm is felt about next year's crop on account of it, but if it comes again it will be a small section of the hospital, and not in a few days ago, and put in its appearance before the grain was ready to be harvested, the loss would have been a great one, and it is estimated that it did when the rust set in in 1904.

## APPROACH DANGEROUS

Teamsters Complain of Condition of Lake Avenue Viaduct.

Horses Break Through Worn Planks—City May be Liable.

Complaint has been made to the members of the board of public works that the approaches to the Lake avenue viaduct are becoming unsafe. The old timber decking is said to be wearing through in places, and reports have been made of horses breaking through. At the present time one case of damages is said to be pending against the city by reason of such an accident.

Early in the summer the Northern Pacific Railway company, which the supreme court held would have to maintain the viaduct over its tracks, made some temporary repairs with heavy timbers, until it could get the steel to replace the old stringers, which have rusted away. Considerable delay has been encountered in getting the new steel, and the permanent repairs have not yet been made, although it is expected that they will be completed before next summer.

When the temporary roadway was put in over the tracks, a new decking of planks was laid, and the board of public works expected that the bridge work would be completed in time for it to be taken up and used to replace the old worn out decking on the approaches. Owing to the frequency of the accidents caused by horses breaking through, it is believed that the city will have to take some steps very soon, or run the chances of more prosecutions for damages.

There seems to be no definite understanding on the part of the city officials as to whether, under the supreme court decision, the Northern Pacific Railway company will have to stand the expense of re-decking the approaches. The matter has been taken up with the city attorney's office, but no opinion has yet been given out.

Woman a Suicide After Alleged Attack by Brother-in-Law.

Huntington, W. Va., Aug. 28.—Being it is alleged criminally assaulted by her brother-in-law, Abraham Laiko, whose orphan children she had taken a few weeks before to care for, drove Mrs. Stephen Chambers, the wife of a prominent farmer of Harrodsburg, to distraction, and she committed suicide by taking Paris green.

Mrs. Chambers' act was caused by humiliation growing out of a charge she had made against Laiko, that he overpowered her while in his home and criminally assaulted her. Laiko denies the charge, but admitted intimacy and placed the blame on her. He is held on a \$1,000 bond.

Before her marriage to Chambers, Mrs. Chambers was a Kentucky belle.

It is said that Mrs. Heyl intends to bring action for a divorce, and that she has been in conference with her attorneys for some days in reference to it, though a specific denial is made by Mr. Frisbie.

The rumor is based upon a personal letter said to have been written by Mrs. Heyl to a friend in Milwaukee, in which she says she is tired of the embittered relation that

## LIFE OF DEER CREEK MAN HANGS IN THE BALANCE.

Fergus Falls, Minn., Aug. 28.—Peter Kant, a Finlander, residing in the town of Deer Creek, received probably fatal injuries at the hands of Henry Mork and John Hakilla, his neighbors.

The two men had been drinking, and went to Kant's home, where they were hospitably received and treated to coffee. They added some whisky to the coffee, and after drinking a quantity of the mixture, began discussing their relative strength. Mr. Kant, who is rather an elderly man, stated that he was something of an athlete in his younger days in Finland, and was by no means a weakling yet. The discussion became animated, and a scuffle followed.

Kant was knocked down, and the two men are alleged to have kicked and otherwise abused him, until his face and head were one mass of cuts and bruises. His wife interfered, and was also injured.

A physician was summoned, and is doubtful as to whether Kant will recover. Sheriff Albertson went to Deer creek and arrested Mork and Hakilla, and they are being held without bail to await developments.

Kant was making his way across the desert and drank poisoned water from a spring. He was immediately seized with cramps and suffered intense pain. He lay a day in the broiling sun of the desert, being unable to make any progress.

Finally he managed to crawl to a bridge across the outlet of Sank lake, and he half walked and half crawled to Rhyolite, where he secured medical attention.

## FLOATING ISLANDS ARE MENACE TO A BRIDGE.

Sank Center, Minn., Aug. 28.—The bridge across the outlet of Sank lake was threatened with destruction Sunday and Monday. Several hundred

excited citizens were engaged in a heated argument whether several acres of soil with the vegetation attached thereto, which had been carried down from the upper lake, constituted real or personal property.

On account of the high water and the high wind, portions of the land around Ashley creek are being washed into Sank lake, and in such large portions that the vegetation and the trees have not been disturbed. About four feet of earth still clings about the roots.

These floating islands came down the lake in three sections, each containing between two and three acres, and came with such force that the boom logs and chains were broken.

About a thousand persons gathered in the park to see the uncanny sight of the old Ashley picnic grounds coming into town. While this occasions no alarm, it will be a great expense to the city.

## A VICTIM OF POISON SUFFERS IN DESERT.

Grand Encampment, Wyo., Aug. 28.—Surveyor J. C. Kennedy of this place, who has been working in the Death Valley district near Goldfield, Nev., had an awful experience and a narrow escape from death while in the famous desert.

Kennedy was making his way across the desert and drank poisoned water from a spring. He was immediately seized with cramps and suffered intense pain. He lay a day in the broiling sun of the desert, being unable to make any progress.

Finally he managed to crawl to a bridge across the outlet of Sank lake, and he half walked and half crawled to Rhyolite, where he secured medical attention.

## STILL ANOTHER DAMAGE SUIT

Hill Would Recover for Injuries Received at Ore Dock.

For injuries received on the ore docks of the D. M. & N. railway company last April 19, Andrew Hill has started an action in district court to recover \$3,250 damages.

According to the complaint of Hill the docks are built high above the ground and between two of these the company has built a plank walk over which the workmen are compelled to go to their work. Hill says that the managing office of the company is situated between these two docks and that the men must go over the walk to get to the office. It was the duty of the company to keep this walk in a safe condition, but the complainant alleges this was not done and that it was allowed to become weak. Prior to April 19, Hill alleges, the

## FAILURE IS NOT SO BAD

Receiver of Philadelphia Bank Holds Out Considerable Hope.

Hipple's Will is Filed—Son Narrowly Escapes Mobbing.

Philadelphia, Aug. 28.—At the conclusion of a protracted conference with the directors of the embroiled Real Estate Trust company this afternoon, Receiver Earle said that in his estimation the receivership will be only temporary and that the bank will be able to resume business at an early day. He said it would take several days before he will be able to make a definite statement. He spoke optimistically and said that he did not think the failure would prove to be as bad as it at first looked.

Regarding the condition of the trusts in the custody of the company, Mr. Earle said: "While I have not had an opportunity to examine the books I have every reason to believe that all trust funds are intact."

Thus far there has been no hint that securities deposited as collateral for loans were tampered with by the late President Hipple or that trust funds were misappropriated. The hopeful view of Mr. Earle is shared by financial interests generally.

It was reported that an effort was being made to help out the bank with a view to re-opening it within forty-eight hours, but it was denied by the heads of the larger banks. Some directors, however, have not abandoned hope for accomplishing this object and have been using their personal influence.

## GET STIFF SENTENCES

Advanced Class of Offenders is Dealt With by Court.

Judge Cutting Imposes Thirty and Sixty Day Jail Terms.

Judge Cutting handed out some pretty stiff sentences this morning to the advanced class of offenders brought into municipal court from the police station.

Charles Groves, a West Duluth youth, who has figured in one or two escapades and who has been in municipal court before, pleaded guilty to the charge of drunkenness, but claimed that he only had a few glasses of beer. The court decided that his case was one that called for more than the usual dose so the young man was assessed \$50 and costs, in default of which he will have to spend the next sixty days in the county jail at hard labor.

Dan Minch was given a thirty-day jail sentence on his plea of guilty to the charge of vagrancy. Minch, who is a man not over 25 or 26 years of age, was brought before Judge Cutting yesterday for protection from imaginary enemies, whom he claimed were after him. He appeared to be about half crazed from the excessive use of liquor. Minch told the court that he thought a good jail sentence would do him good and he was accommodated.

George E. Berger, who was employed on a railroad, hobbled to court on crutches. He pleaded guilty to being drunk and was given a thirty-day jail term. Information furnished by the police department was largely responsible for Berger's county jail appointment. It was claimed that he came to Duluth with a bundle of money some time ago and proceeded to deposit it at the police station for safety. He got drunk and attempted to get his money by messenger, but this did not work and he finally went after it himself. A few days later his wife appeared on the scene from Pennsylvania and the police assisted her in locating Berger. When found he did not have the price of a hair pin left in his pocket. Around setting a drink where he could, and was finally sent to the hospital for treatment.

John Ryan, another drunk on whom the police have had a line for some time past, was also given a thirty-day term to the county jail. Ryan has been gravitating between Duluth and Superior and was driven out of the last named place on suspicion of having stolen a watch.

Thomas Hanson, who was caught sleeping in a box car and Julius Peterson, a plain drunk, were given terms of nearly thirty days each, in default of a \$3 fine.

Thomas Hanson, the wreck of what was once a man, was given a twenty-day term. His condition was pitiable. He was shaking as if with the palsy and could scarcely answer the questions put to him by the court. Excessive use of whiskey had been his ruin.

Thomas Hanson, who was caught sleeping in a box car and Julius Peterson, a plain drunk, were given terms of nearly thirty days each, in default of a \$3 fine.

### EIGHT ARE MISSING.

Lumber Schooner Wrecked on Pacific Coast—One Boat Gone.

Pacific Grove, Cal., Aug. 28.—The steam schooner Celis, with a cargo of 10,000 feet of lumber, was wrecked on the coast, near here, at 11 o'clock last night. All on board were saved with the exception of the boat, which is still missing.

The boat had a rough experience today when he emerged from the bank building. A man in the crowd saw him and shouted: "There goes the son of the rascal who said he had no faith in men who smoke cigars and chew tobacco."

The son qualified. The estate was valued as follows: Personal property, \$100,000 and upwards; real estate, \$300,000.

## GOING AFTER CHICKENS

Demand for Hunting Licenses is Becoming Quite Brisk.

Thirty Have Already Been Issued by County Auditor.

The hunting license department of the county auditor's office is a busy place this week, and the little slips of paper which permit the holder to go out after game are being taken up by the sporting element of St. Louis county in great numbers. Yesterday afternoon and this morning over twenty-one licenses were disposed of making a total of nearly thirty since they were received from the state game and fish commission Saturday.

Among those who purchased licenses this morning were Judge Page Morris and the names of many other notables will be placed upon the files within the next few days. The hunting season opens Saturday and it is expected the country around Duluth will be filled with sportsmen.

The following purchased licenses yesterday afternoon and this morning: H. G. Newberry, C. E. B. Lund, H. H. Myers, John B. Stuphin, H. N. Rhodes, Hugo Eisenach, Austin W. Land, F. Collier, J. A. Peterson, W. T. Bailey, A. C. Goldenberg, Anden Johnson, F. H. Lester, C. W. Nelson, George D. Lucore, Henry A. Blum.

The Last Three Days.

The Farewell Clean up sale of Gidding's summer stock is on their last three days. For Thursday, Friday and Saturday the prices of any yet advertised, many lots they say are so small that it doesn't pay to advertise them—they are so readily picked up by customers who wait their establishment from day to day. The notable things advertised for tomorrow are their clean up of beautiful waists, thirty-two high class black and blue skirts, the last of the Covert jackets, white serge coats, the last of the tailored suits, and their final clean up of linen, waists and dresses. The Gidding's firm says this has been the most strenuous clean up season they have known and the volume of business done has greatly surpassed any of their former seasons.

## RECALLS OLD SCANDAL.

George P. Cronk and Mrs. Patterson Will Wed Soon.

Omaha, Aug. 28.—George P. Cronk of this city, former exalted ruler of the Elks, is to be married to Mrs. Cora Lathrop Patterson, the divorced wife of the son of a millionaire tobacco man of Richmond, Va., whom Cronk's first wife assaulted in Council Bluffs three years ago.

The question of the effect of the insurrection on the tobacco and sugar interests of the island is becoming of the most vital importance. Neither interest has suffered to any extent as yet and both so far as the actual crops are concerned could survive a continuance of the insurrection for some weeks yet without suffering materially. Luis Marx, general manager of all the agricultural operations of the American-British corporations said to the Associated Press today: "The insurrection could continue for two weeks more and still have no effect on next winter's crop. The planting of some beds ought to be beginning now but no harm will happen if this work is deferred for a fortnight, but after that we must have men to push the work."

Asked whether the tobacco interests were considering some sort of intervention, privately or otherwise to induce Guerra to give up the struggle, Mr. Marx replied: "No indeed. The tobacco men are totally unlikely ever to interfere in such a delicate matter."

## GUERRA WILL HAVE TO FIGHT

Insurgent Leader Almost Certain to be Forced Into Conflict.

Havana, Aug. 28.—The actual pursuit of Pino Guerra began today when Col. Avalos, commander of the government forces in Pinar del Rio left San Juan de Maricao in search of the main insurgent body. The latter is now estimated to number 2,000 men. If Guerra's recent statements can be considered trustworthy there will be no battle if he can help it. He has repeatedly declared that he does not

## THE PRIZE WINNERS

List of Those Who Distinguished Themselves at Boys' Camp.

Vote Taken on Most Popular Boy and Best Athlete.

The list of prize winners at the Y. M. C. A. boys' department camp, just closed, and short history of the two weeks' outing were prepared by Secretary MacLeod today.

They are as follows:  
The crowd arrived in camp Monday, Aug. 13. The boys were naturally hungry after their ride but the cook had dinner ready, which needless to say was greatly enjoyed. During the afternoon the campers were assigned to their different tents and regular camp life was commenced, and continued until last Saturday when the boys returned to the city.

The days were spent in playing baseball, athletics, boating, swimming, fishing, etc., and in the evening the boys would indulge in the old-fashioned and enjoyable pastime of tossing in the blanket. This was followed by some program or social entertainment, and the affairs of the day were concluded by the big camp fire and vesper service. These sessions around the fire were one of the most enjoyable features of the camp, and only those who have felt the charm of sitting about the glowing logs with congenial companions can realize the pleasure of the experience.

The commissary department, the most popular place in camp, was in charge of Walter Richards. To supply the wants of eighty-one boys three times a day was no small task, yet Mr. Richards proved fully equal to the occasion and the boys voted him the best cook camp Miller ever had.

Sunday, H. M. Bradley sent his launch, the "Henry M." to camp, and towed the entire party to Deerwood where the boys attended the Methodist church. In the evening the camp had its own service, the address being given by E. W. Peck of Minneapolis.

The chite the chutes was one of the new features of the camp this year and was much in demand during the swimming hours, while a swimmer leaped the camp by Mr. Bradley was much appreciated for diving purposes.

The camp minstrel show was voted a big success and a number of campers from other points along the lake attended.

The athletic contests for the larger boys were not pulled off on account of wet weather, but the small boys' field day resulted in the following victories:

**LAND EVENTS.**  
Fifty yard dash, Stockton Loney; George Muhlbaur; 100 yard dash, K. Braden; S. Loney; 200 yards K. Braden; S. Loney; relay, Mullin, Braden, McKinley Davis; three-legged race, S. Loney; G. Muhlbaur; potato race, E. Russell; H. Freeman; scurry race, M. Harris; K. Russell; standing broad jump, K. McKinley; K. Braden; running broad jump, McKinley; Loney; three standing jumps, C. McKinley; S. Loney; quoits, M. Harris.

**AQUATIC EVENTS.**  
Fifty yards, E. Brown, D. McCaughy; 100 yards, E. Brown, A. Johnson; long dive, E. Brown, C. McLeod; neat dive, B. Greene, C. McLeod; trick dive, E. Greene; floating contest, G. McCaughy, E. Brown; blind race, B. Greene, E. Brown; obstacle race, H. Helmer.

The following boys swam across the lake, one mile distance: Earl Watterworth, H. Anderson, Roger Hurd, Stockton Loney, N. D. McLeod. The swimmers were accompanied by a boat so that there would be no danger from exhaustion.

In the contest for places on the Camp Miller hall of fame the following boys won places and the small boys will be hung in the club rooms until next year.

Most popular boy, Earl Watterworth; best athlete, Stockton Loney; most courteous boy, William Elliott; camp hamster, Lyman Taylor; most generous boy, Clinton Russell; brightest boy, Allan Brophy; Elgin, Ill.; boy with biggest pull, Harry Schellin; the heavenly twins, Earl Watterworth, Henry Anderson; most handsome boy,

**A little plan of ours to aid you in your Furniture and Housefurnishing buying.**

Buy on the Bayha plan of long, liberal credit. It's the easy—the satisfactory way—the Bayha way. It's easy to trade at this store; it's pleasant, too, buy on the Bayha plan, which simply means that you pay a small amount at the time of your purchase and the balance can be paid in a "comfortable," satisfactory way to you—by a small payment each week or month. It is the idea that is covered by our widely known store mark, "Your Credit Is Good," and applies on any purchase made here, whether three or four articles or a complete house outfit. We believe there is not a store in the country which offers more liberal terms of credit than we do; we are quite sure that there is one feature in connection with our plan of easy buying not to be found anywhere in the country, and that is that positively no advance over all of the plainly marked store prices is made for the installment buyer—you are just as welcome to buy whether it be for cash or credit, and the percentage added by other stores throughout the country is yours here.

## LOCHINVAR OF DULUTH

Head of the Lakes Fur-nishes a Most Successful One.

Elopers Have Merry Time of It in Stearns County.

All the world loves a lover, except sometimes, the girl's parents. Such was the case of Miss Agnes Smoley, who had spent most of her life in Duluth, Minn., and who last Saturday morning, at the house of worship, she carried her off, like a young Lochinvar.

Then there was a young man, who the girl's family was unable to stop the runaway then, so they notified the authorities at St. Joseph to go after him. The message came too late, however, for the lovers had gone through the village shortly before, and on their way to St. Cloud, stopping only long enough to change horses.

At St. Cloud, however, they ran up against the arm of the law. The girl's parents had told the authorities that she was only 18 years of age, and it appears that she was nineteen and so the sheriff and St. Cloud chief of police permitted the elopers to go their way.

The Herald-Mirror describes the affair as follows: "Love, passion and romantic escapades, such as dreamers of fiction delight to read, seldom occur in real life, but occasionally the adventurous spirit and the headstrong independence of an ordinary American breaks the fetters of custom to furnish material more exciting than fiction and many times as interesting.

"It was just such an adventure which ruffled the Sabbath calm of yesterday, when Jack Jurgens, a Duluth youth of 19, drove posthaste up to the very portals of the Brockway Catholic church, and drove on a gallop to the altar, where the pair was to take the afternoon train for St. Paul and the wedding altar.

"It was in this city, a few moments before they have time to board the train that the heavy hands of the legal authorities checked Jurgens and his sweetheart, and in company of the blue-clad they had to go through the humiliating experience of being taken before Sheriff John P. Bernick, by whom they were informed that Miss Smoley would have to return to her parental roof at once.

"Here it was that the American girl showed her metal. She flatly refused to leave her lover, and abandon her sensational elopement. She told the sheriff that she was 18, and that her parents had no authority to interfere. Her healthy brow glowed with the spirit of defiance as she saw the officer waver in indecision, and after her own brother, the instrument of her parents, had acknowledged that his sister was of age, nothing remained to be done, and Sheriff Bernick and his friends.

## COULD NOT REST NIGHT OR DAY

With Irritating Skin Humor—Whole Body Affected—Scalp Itched All the Time and Hair Began to Fall Out—Wonderful Result From

## APPLICATION OF CUTICURA REMEDIES

"I am never without Cuticura Soap and Cuticura Ointment since I tried them last summer. About the latter part of July my whole body began to itch. I did not take much notice of it at first, but it began to get worse all the time, and then I began to get uneasy and tried all kinds of baths and other remedies that were recommended for skin humors; but I became worse all the time. My hair began to fall out and my scalp itched all the time. Especially at night, just as soon as I would get in bed and get warm, my whole body would begin to itch and my finger nails would keep it irritated, and it was not long before I could not rest night or day. A friend asked me to try the Cuticura Remedies, and I did, and the first application helped me wonderfully. For about four weeks I would take a hot bath every night and then apply the Cuticura Ointment to my whole body; and I kept getting better, and by the time I used four boxes of Cuticura I was entirely cured, and my hair stopped falling out, but I continue to use the Cuticura on my scalp. It keeps all dandruff out and scalp is always clean. I always use Cuticura Ointment on my face after shaving, and have found nothing to equal it. I will never be without it." D. E. Blankenship, 319 N. Del. St., Indianapolis, Ind.

## RECOMMENDED TO ALL MOTHERS

"I have used Cuticura Ointment for chafing of infants, and as they grew older all skin diseases were given treatment with that and the Cuticura Soap. I never found it necessary to call a doctor, as these Remedies are a sure cure, if used as directed. I am glad to recommend them to all mothers. Sincerely yours, Mrs. F. A. Kennard, Oct. 21, 1905. St. Paul Park, Minn. Cuticura Soap, Ointment, and Pills are sold throughout the world. Write to J. C. Kenney, Sole Importers, 100 N. Main St., Boston, Mass.

Chief Quinlivan grinned in sympathy. They both wanted to let themselves go for a moment and wave their arms and shout for the pretty little Brockway lass and her manly lover. "The whole love story is simply this. Some time ago, Miss Agnes Smoley, who had spent most of her life in Duluth, Minn., and who last Saturday morning, at the house of worship, she carried her off, like a young Lochinvar. Then there was a young man, who the girl's family was unable to stop the runaway then, so they notified the authorities at St. Joseph to go after him. The message came too late, however, for the lovers had gone through the village shortly before, and on their way to St. Cloud, stopping only long enough to change horses.

At St. Cloud, however, they ran up against the arm of the law. The girl's parents had told the authorities that she was only 18 years of age, and it appears that she was nineteen and so the sheriff and St. Cloud chief of police permitted the elopers to go their way.

The Herald-Mirror describes the affair as follows: "Love, passion and romantic escapades, such as dreamers of fiction delight to read, seldom occur in real life, but occasionally the adventurous spirit and the headstrong independence of an ordinary American breaks the fetters of custom to furnish material more exciting than fiction and many times as interesting.

"It was just such an adventure which ruffled the Sabbath calm of yesterday, when Jack Jurgens, a Duluth youth of 19, drove posthaste up to the very portals of the Brockway Catholic church, and drove on a gallop to the altar, where the pair was to take the afternoon train for St. Paul and the wedding altar.

## TERRORISM NOT ITS INTENTION Russian Government Does Not Propose to Use That Method.

St. Petersburg, Aug. 29.—In view of suggestions in the foreign press regarding the coming policy of the government founded on rumors current here, it is semi-officially stated that it would be a great mistake to suppose the revolutionary terrorism will be met by terrorism on the part of the government, which always will be able to distinguish between legal opposition and enemies, determined to nullify the law, whether by propaganda or by passive resistance. A propaganda has its own means of struggling, whether through the press or by meeting, but disturbances of order will be prosecuted sternly, whatever ideas are professed. The government has sufficient means, the state-moment continues, of suppressing illegal acts, but suppressing is not the only aim, the first problem being the prevention of the settlement of pressing questions in a legal manner. The statement concludes as follows: "Revolutionaries may try to destroy the work of the government, but finally they must fail, as the government cannot refrain from the fulfillment of reforms, simply because one statesman or another may be replaced."

M. Stolypin has received from the government of the United States and all the European powers expressions of sympathy and congratulations on his personal escape from death at the hands of his assassin. Even the emperor of Japan has telegraphed his sincere joy that M. Stolypin was not harmed.

## PRESS CLUBS MEETING.

President Roosevelt Sends Greeting—Guggenheim Would Found Home.

Denver, Colo., Aug. 29.—President Roosevelt, who is an honorary member of the Denver Press club, sent the following reply to an invitation to attend the national convention of Press clubs:

"The Denver Press club:—I am sorry it is impossible for me to attend the convention of newspaper men in Denver, but while I am with you in spirit, and wish you all the joys that can come to such a gathering. Sincerely, Theodore Roosevelt."

"THEODORE ROOSEVELT." Mrs. Delva Lockwood of Washington, D. C., was elected to the place of the league next year. Since Guggenheim of the American Smelting & Refining company last night sent a letter to Edward Keating, president of the Denver Press club, in which he made an offer to contribute \$2,500 to a fund for the establishment of a home for aged and worn out newspaper men, Mr. Guggenheim said he would prefer to see the home established in Colorado. The matter will be brought before the convention.

## THE RAILROADS MAKE REQUESTS

Ask More Time for Filing Tariffs and Other Things.

Washington, Aug. 29.—To discuss certain phases of the railroad rate law which took effect yesterday, there was a conference yesterday between members of the Interstate commerce commission and representatives of the railroads and shipping companies of the country. The railroad officials present numbered thirty-four, among whom were Vice President Caldwell of the Delaware, Lackawanna & Western, the Central General Manager of the New York Central, General Counsel Massey of the Pennsylvania, and General Counsel of the Missouri Pacific, while F. T. Delaney of Chicago, J. A. Farley of Duluth, Tenn., were among the spokesmen for the American Shippers' association and the Illinois Manufacturers' association.

The railroad representatives uniformly gave assurance of their intention to fully comply with the new law, but presented their views as to the operation of certain provisions, among the points urged being extension of time in which carriers may file their tariffs with the commission.

The shippers urged the protection of their interests, particularly against the railroads shifting classifications so as to put up rates and demanding for the die and import changes and for new pricing of tariffs in the full acceptance of that term.

B. D. Caldwell, a vice president of the Dulaware, Lackawanna & Western railroad, told the commission that, through conferences with traffic officials and representatives of various lines of railroads, they had sought to reach an understanding of the new law, to the end that they might be in a position properly to observe it. He indicated, however, that notwithstanding the work they have done in good faith, many questions had arisen, which he presented to the commission and filing of tariffs, on which they felt they ought to have ninety days, or at least a month, in which to make an extension of time in which the carriers should have opportunity to file their tariffs with the commission, and he requested that the commission continue the present method of posting railroad tariffs, now generally in effect.

George V. Massey, general counsel of the Pennsylvania railroad company, assured the commission that it was the desire of all the roads with whom he had conferred to conform absolutely with the law, and he told the commission that such publications as had been made to the contrary were without the shadow of foundation in fact.

"We have endeavored," said he, "to find out what the law requires, and we have done our best to meet those requirements as they are operative to-day."

"How long will it take the carriers to meet the requirements of the law?" asked Commissioner Coker. "I hope the commission will give me credit for good faith," replied Mr. Caldwell, "when I say that it is impossible to tell. We have to mind that after the law takes effect, it will be ninety days."

At the conclusion of the hearing on the traffic officials, E. T. Bentley of Chicago, a representative of the Illinois Manufacturers' association, and the American Shippers' association, presented a series of resolutions to the commission, and the new law. Mr. Bentley spoke from the standpoint of a shipper and urged the commission to take such action as would protect the interests of the shippers as well as the railroads.

## Maybe you don't object to having

your clothes made of cotton-mixed fabrics; possibly you think "a little cotton won't do any harm."

All right; but you do object to paying a price based on "a little cotton" for clothes that are more than half cotton.

That's the trouble with all adulteration in clothes or anything; the minute you admit that "a little doesn't hurt anything," you've opened the gate wide. We've seen suits being sold at \$20 and \$25 that looked like the price, but when tested, showed nearly 50 per cent cotton; worth about \$5 if you judge by the way they look in a month's wear.

## TICKET OF DEMOCRATS

St. Paul Paper Forecasts Nominations to Be Made Tuesday.

Candidates for Auditor and Treasurer Not Yet Picked.

St. Paul, Aug. 29.—(Special to The Herald.)—The Dispatch today says: Unless there are changes or withdrawals in the meantime, which are not expected, the following in detail will practically be the ticket nominated by the Democrats at the state convention to be held in Minneapolis next Tuesday.

Governor, John A. Johnson, St. Peter.

Lieutenant-Governor, L. G. Pendergast, Bemidji.

Auditor, Treasurer, Secretary of state, P. M. Magnuson, St. Cloud.

Attorney general, James Mahanah, St. Paul.

Clerk of supreme court, Fred E. Whitson, Minneapolis.

Judge of supreme court, Charles M. Starn, Rochester.

Railway commissioner, Anton Schaeffer, Nobles county.

The only vacancies now are those for the offices of state treasurer and auditor, and candidates for these two positions are now in process of nomination.

The customary nationalistic feature of a German for treasurer and a Norwegian for auditor will be followed.

Members of the state committee say the delay in selection of candidates for these two offices is because of the fact that they are trying to secure men as prominent and as representative of these two nationalities as possible.

The list given as the probable nominees is not vouched for by those in charge of Governor Johnson's candidacy, except in a few cases, but it will prevail.

In fact it has been agreed upon by the leaders. Everything has been set and dried and the gathering next Tuesday will simply be a ratification meeting.

## COPPER STOCKS CLOSE STRONG

The Listed Shares Have Good Advances During the Day.

The copper stock market opened about unchanged and closed strong today. North Butte opened at \$93.50, declined to \$93.25, rallied to \$94.25 and closed at \$94 bid and \$94.50 asked. Amalgamated opened at \$108.50, sold as low as \$107.25, rallied to \$109 and closed at \$109 bid.

Anaconda opened at \$276, declined to \$275.50, rallied to \$279.75 and closed at \$279.25 bid. Butte Coalition opened at \$32.87½, advanced to \$33.25 and

## STEAMER IS BURNED.

Mississippi River Boat Destroyed—Crew Escape With Difficulty.

La Crosse, Wis., Aug. 29.—The steamer City of Hudson, which is engaged in the passenger business between La Crosse and Brownsville, Minn., was burned to the water's edge today, off the latter point. The officers and crew were asleep at the time, the boat being anchored some distance out, and were awakened by the noise of the flames. By heroic work, Capt. V. G. Wolsey succeeded in arousing his crew, and all with difficulty made their escape, the flames being so close that they had no time to dress.

Joerns, 411 Cambridge street, are at home for a month on a vacation from the United States naval academy at Annapolis. Both these young men have attended the academy for three years.

They will have a brief absence of two weeks before they graduate, after which they will be assigned to warships for a two years' cruise, when they will receive ensign's commissions.

Lightning Strikes Barn.

During the electrical storm which swept over the head of the lakes early last evening, a barn belonging to Daniel Bishop at Fond du Lac was struck by lightning and burned to the ground. A horse that was sheltered in the structure was unhurt and ran out immediately after the bolt struck. The barn contained about two tons of hay which was destroyed. The building was located but a short distance from the summer home of Judge Cutting of the municipal court.

Duluth Gets Conference.

The next northern conference of the Swedish M. E. church will be held in Duluth. This city was selected at the conference which has just concluded at Escanaba, Mich. The matter of dividing the conference district, which includes Northern Minnesota, Wisconsin and Michigan, was left over another year.

Fire Did No Damage.

The fire department was called out shortly after 7 o'clock last evening by a short circuit on an electric wire at 20 Lake avenue south. The blaze was a small one and was subdued before the department reached the place. No damage was done.

Redmen Will Celebrate.

The West Duluth and Duluth lodges of Red Men will entertain at Lincoln park Thursday. Games and dancing will constitute the program.

Last Three Days.

REMEMBER, THURSDAY EVENING, AUGUST 30.

PERSONALS.

Mr. and Mrs. L. K. Daugherty have gone to Isle Royale for a week.

Colored Man Insane.

Max Fulton, colored, was examined by the probate court this afternoon, upon the application of W. B. Butchart. Upon the testimony of the latter, he was declared to be insane, and was committed to the Fergus Falls hospital. Although not violently dangerous, Fulton was clearly insane, and was in the habit of yelling at the top of his voice at all times of the day. Neighbors of the man say that he could be heard for blocks.

Fulton was born in Texas, where he lived until a year ago, at which time he came to Minnesota, and has since resided in St. Louis county.

CASE OF REMEMBERING.

Senator Tillman tells of a section of North Carolina remarkable for the great longevity of its residents, says the Kansas City Journal. An old character there was long known as "Old Jim Tolliver." No one knew Jim's exact age, but he was popularly supposed to be somewhere around 90. "Old Jim" enjoyed no greater pleasure than that about the gentility of his neighbors.

**Giddings'**

for he himself was as spry as a young man. One morning he met a friend named Taylor. "And how is my venerable friend?" asked Tolliver. "Venerable nothing," exclaimed Taylor. "I'm not near as old as you are Jim, and you know it." "I'm not so sure about that," said old Jim. "Tell me, Taylor, what is the first thing you can recollect?" "The first thing that I can recollect," replied Taylor, "and that must have been eighty years ago, was hearing people say, 'There goes 'Old Jim Tolliver.'"

SCRIPPLES OF JUDICI.

Washington Post: A group of eminent Southern lawyers occupied chairs in the Raleigh, and it was worth any man's while to hear their stories of courthouse episodes in Dixie. After Col. John Allen and Judge Charles Stuart, of Muscogee, and Col. Edward L. Russell of Mobile had each narrated some funny yarns, Judge "Jim" McMillen of Gulfport, Miss., one of the most successful lawyers of his state, recounted this one:

"Some years ago while I was on the bench there came up for trial a murder case of more than usual interest. A great deal of difficulty was had in trying to get a jury, man after man being told to stand aside mainly for the reason that he had already formed an opinion or that he was opposed to the infliction of capital punishment. So many of them made this line an excuse that I got a trifle irritated and came to the conclusion that it was merely a dodge to avoid jury service.

"Finally a long, lank specimen of a countryman was called upon for examination as to his fitness as a juror. When asked the regulation questions he replied that he was opposed to capital punishment. Looking at him sternly and in tones somewhat suggestive of wrath, I asked the fellow if he did not think there were conditions so extraordinary as to warrant the hanging of the offender. He said he did not believe anything could make him assent to such a verdict, and I impatiently waved him aside and called for a new man.

"But will your Honor let me explain?" said the disqualified citizen. "I'd like to give the court my reasons."

"I don't wish to hear any explanation from you. Go and sit down."

"Excuse me, Judge, but you must hear my reason."

"Well, then, give it, and go along with you."

"The reason I am opposed to capital punishment, your honor, is that my old mummy taught me it were a sin to kill anything that wasn't fit to eat."

QUALIFYING WITNESSES.

In order to test a Chinese witness qualification for taking the oath an English magistrate asked him the other day where he expected to go when he died, says the Kansas City Journal. He replied, "Pekin," and was disqualified. Once in another English court a little girl in answer to that question said, "I don't know." The horrified counsel called the judge's attention to the answer. "Oh, I don't know, either," said the judge; "swear the witness."

The wedding was a very simple, dignified and sweet affair and at 4 o'clock the wedding service was read by the Rev. George W. Peterson, of the Evangelical Lutheran church. The bride was attended by her sister, Mrs. William Flett, and the groom's man was Harold Foster. The bride and her attendant were gown'd in white, and the bridesmaids in pink roses, bride's roses being carried by Miss Flett, and pink ones by the bridesmaids. Mr. and Mrs. Flett were at home at 107 East Ninth street.

At 6 o'clock Rev. Peterson entertained at a shower list consisting of 140 persons.

**Interesting Celebration by  
Mr. and Mrs. A. Le Duc.**

Many Duluth people were interested in the wedding celebration of Mr. and Mrs. Antoine Le Duc, which took place last evening at their home, 1207 East Superior street. The reception was held from 8:30 to 11 o'clock and during those hours a large number of friends called. Mr. and Mrs. Le Duc were accompanied by their sons and daughters, Ernest and A. C. Le Duc, Volst. C. Dryer, Mrs. O. L. de Volst. Mrs. H. H. Lockwood, Mrs. M. J. Missou, Clara and Nellie.

The rooms were decorated in a profusion of flowers and ferns. In the receiving room great quantities of flowers and ferns were

### Club Outing.

The annual outing of the Saturday club was enjoyed yesterday by a large number of the members, a splendid luncheon being served at noon at Lester Park. During the afternoon, Mrs. J. L. Washburn, president of the Women's Council, and delegate from the Saturday club to that organization, spoke informally.

**Y. W. C. A. Notes.**

The Young Women's Christian association rooms will be closed after luncheon Saturday noon, and will not again be opened until Tuesday morning. On Sunday will not be served Saturday evening, nor will the Informal devotional service be held Sunday afternoon. Some necessary repairs at the Y. W. C. A. rooms during Saturday and Monday.

Word has been received from Mr. Wesley Feetham, general secretary of the association, that he is attending the annual conference at Lake Geneva, Wis., that 350 delegates are being entertained, and a helpful program is being presented, with the aid of the orchestra, and a large audience, in spite of the oppressive heat.

The wedding of Miss Bridget Nelligan and Bert Tamm took place this morning at St. Clement's church, at the West end. The service was read at 8 o'clock. A reception will be held this evening at the residence of the bride's sister, Mrs. P. Burns, at West

## Pretty and Economical

Selecting a trousseau is a difficult task for girls who have plenty of money to spend on frocks, linens, and for the many necessary accessories, but for the working woman whose purse is limited the getting of a bridal outfit is a serious problem, for few women who earn their own living have time to make dainty underclothes, embroidered stocks and fit certain of the waists and house gowns, and in the way economy, instead of being forced to buy these things, and because the prices of most of the household made embroidered undersuits are

is generally expended on the gown worn during the marriage service. For \$50 a simple but effective crepe de Chine robe may be purchased or one of nuns' veiling or even Chinese silk would be appropriate and within the sum laid aside for the frock. The plainest this dress is the less the making will cost, but even if the bill is a few dollars extra, a girl should have a train on this one occasion and a

a veil that reaches to the bottom of the robe, for the wearing of veils is possible now at a morning, afternoon or evening wedding. The veiling, in yards of which is needed, can be bought for \$4.

Next in importance to the wedding gown is the travelling dress. It should be a plain taylor suit, with jacket and skirt, and of a shade of material that is becoming. The cost of such a frock should not be more than \$20, and for the season of the year a desirable might be purchased for \$25.

To wear with this suit there must be several waist waists and a tailor-made plain or checked silk or

pairs of black cotton or lisle stockings will cost \$1.50 or \$2, and a pair of white silk ones can be purchased for \$1. Two doilies and two handkerchiefs at a cost of \$3, a pair of gloves for \$1, and two face veils for \$1 complete the list of accessories with a total cost of \$7.50. The gloves that will sell for about \$4.50. For there must be a pair of white kid gloves for the wedding; also a pair of such dress that sell for \$1.50 and a \$1 pair of colored gloves for the bridesmaids' dresses.

Ten dollars should cover the expense of the two pairs of shoes and a pair of slippers.

The choice of headgear is difficult but if carefully selected, a ribbon hair band, trimmed with ribbons, flowers and quills of the color she can wear on practically all occasions, and is quite as appropriate

While the time when furs will be needed seems yet a long way off, the new styles in muffs and neck pieces are already in and many of them are being displayed to the temptation of women shoppers who have need of such later on when the November winds shall make their possession a necessity. There is economy in buying furs now, too, just as there was early in the summer season, when ast winter's stock had been reduced, the difference now being that the stock is now and the season not in full swing. ## ADDITIONAL WANTS. TO SETTLE OLD SCORES

Joseph Sheehy Says That is the Reason He Retired.

Furnished \$200 Bond and Will Be Tried Sept. 18.

Man employed at the Zenith Furnace company's plant in West Duluth, met with serious injuries while at work there yesterday. He was employed on the car which operates the big pusher at the coke ovens, when in some manner his foot became caught in the machinery and was badly crushed. Almost fainting from the intense pain, Berthko lost his balance and dropped twenty feet to the floor below. He received a bad cut on his head and serious bruises about the body from the fall.

Stole From Parents. The Wonderlust developed into acute kleptomania in the case of 16-year-old John Gleason of Proctor yesterday, when he stole \$10 from his mother's purse and left home, with plans of going to the Twin Cities and from there West. He was arrested at West Duluth, however, and turned over to his parents, Mr. and Mrs. John Gleason, by the police.

Fire Department Busy. The West Duluth fire department led a strenuous life for a few moments last evening. They received a call from the box on Central avenue and Main street, which a lengthy investigation proved to be a false alarm, and had hardly got back to the hall when a call came from Oneida. The Oneida school had been struck by lightning and the insulation on the electric light wires was smoldering, only the heavy rain which was falling preventing a serious blaze. There was no damage.

West Duluth Briefs. Miss Maud Shupen returned from a three weeks' visit in Minneapolis yesterday. Mrs. Abramson and her brother, Lester Mark who has been visiting her for three or four days left yesterday for the Twin Cities where they will remain until after the state fair. Mrs. Swanson and a party of friends are spending the week at Camp Reile. Mr. Swanson's summer camp up the river.

The 10-year-old daughter of Mrs. Burdett of Day View Heights is seriously ill with appendicitis at Dr. Graham's hospital. About 200 of the W. C. O. F. went out to Fairmount park this morning where the annual picnic is being held. They expect their husbands to arrive in time for a picnic supper this evening.

J. F. Johnson of Washington, D. C., who has been visiting his son, Rev. H. W. Johnson of West Duluth, returned to his home in Washington this morning. Miss Bertha Haley expects to leave soon for a two weeks' visit to her old home in Canada. Wanted 300 people at Great Eastern hall, Friday evening, Aug. 31.

Miss Charles Remfer and family have moved from their old residence at the corner of Fifty-seventh avenue and Wadena street to 625 North Fifty-eighth avenue. Harry Sears and family will occupy the home vacated by the Remfers.

Tom Lawrence and John Koehler who have been camping at a few days at Fond du Lac returned yesterday. Jewelry remainer—Hurst, 301 Central. Ernest Johnson has secured a position in Sioux City and left for that place yesterday to begin work. Miss "Cheerful" Talbot of Fifty-ninth avenue is spending a few days with friends at Eau Claire.

Miss Isabel Simmons of Sixty-eighth avenue west has returned from a visit to the Twin Cities. Miss May Schlegel left yesterday for a visit with friends in Milwaukee, Wis. The programs for the moving picture entertainment to be given under the auspices of the Westminster Presbyterian church in Great Eastern hall, Friday night, have been issued and an interesting lot of films are scheduled to be shown.

REUNIONS AND SPEECH MAKING Will be Order of Day at State Fair This Year.

St. Paul, Aug. 28.—There is to be a great "gathering of the clans" at the state fair this year. All sorts of organizations will have headquarters on the grounds and reunions and speech making will be the order of the day. First and oldest are the Old Settlers association and the Minnesota Pioneer association, both of which have a conspicuous feature of the fair grounds for years.

On Thursday of fair week. Organized labor of both Minneapolis and St. Paul will meet at the grounds on Monday. They will have a great time in the evening and other attractions.

The A. O. U. W. of Minnesota has a building and will keep open house all the week. All the political parties will have headquarters on the grounds and more or less campaign work will be done.

For the first time in the history of a fair the Retail Grocers and General Merchants association of the state will have a headquarters tent. On Wednesday, Sept. 6, a meeting of officers and district directors will be held.

The United Federal drill women's club will keep open house in the usual building adjoining the old settlers' headquarters. They will be lecturing and providing for the comfort of visiting friends.

Headquarters will also be maintained by the United Commercial Travelers, who have a strong organization. The fair will be an excellent place for the travelers to meet their out of town customers.

Miss Ella Rasmussen, who is one of the "Vio of Riders" in the ladies' relay race at the state fair, Sept. 2 to 5, is a prize winner in horse shows as well as racing contests.

During the fifth annual horse show held by the society folk of Chicago at Lake Forest in July, Miss Rasmussen rode the year-old brown colt, owned by Miss Helga Rosling, in the ladies' relay race and won the second prize.

In many respects, Miss Rasmussen is the champion of the riding, the Chicago Record-Herald says. Miss Ella Rasmussen made her debut at Lake Forest, riding Miss Helga Rosling's two-year-old brown colt, which she had won at the Chicago horse show, which came second in the event.

The Chicago Chronicle said: "Miss Ella Rasmussen was much merited applause for her capable manner in which she handled the year-old brown colt, owned by Miss Helga Rosling, which came second in the event."

The Chicago Chronicle said: "The riding of Miss Rasmussen was the feature of the exhibit. Although her horse was undoubtedly inferior to several other animals in the event, she managed to win the prize and to place the judges decided that her riding was the feature of the exhibit."

Gowned in a net array of white, she put her horse through gait. It had been easy and she rode round after round of applause greeted her as she circled the arena.

MONUMENT DEDICATED. Bloomington, Ill., Aug. 23.—Several thousand persons today witnessed the dedication of the \$5,000 monument of white marble authorized by the Illinois

STRIKE CALLED OFF. Railroad Companies and Freight Handlers Adjust Their Differences.

As forecasted in The Herald yesterday, the freight handlers' strike was settled yesterday afternoon and the men went back to work this morning. President D. J. Keefe of the National Longshoremen's union, who was instrumental in bringing about the settlement, left at once for Chicago and went back to work this morning. The settlement was in reality a victory for the railroad company, as it had granted the terms finally agreed upon, 50 cents per hour, as soon as the men went out last Monday, and the strikers have been holding out ever since that time for recognition of their union and schedule of wages signed by the officers of the union and the railroad officials. They also wanted extra pay for work performed under certain conditions. These last demands they consented to withdraw yesterday afternoon and the strike was at once declared off.

The announcement of the end of the strike comes as a decided relief to the shippers, as things were getting into very bad shape and losses were getting heavy on account of the tieup. A number of merchantmen's boats have been tied up in the harbor since the beginning of the strike.

JESUIT ELECTION. American Members of Order Arrive in Rome.

Rome, Aug. 23.—The Very Right Rev. Joseph F. Hanselman, provincial of the Maryland province, accompanied by the Rev. Thomas T. Gannon, and the Rev. Henry Mosler, provincial of Missouri, accompanied by the Rev. Joseph Grimselman, of St. Louis, Mo., have arrived in Rome. They are a new general of the Jesuits. Although the Irish, Austrian, Polish and Belgian delegates and also two of the American electors, the Rev. William O'Brien of New York, and the Rev. William B. Rogers of St. Louis, have not yet arrived, it is considered certain that the first meeting of the congregation for the election will take place Saturday, Sept. 1.

## JUDGE ALTON B. PARKER ADDRESSES ATTORNEYS ON CONGESTION OF LAW

Legislatures Burden the Statute Books With Useless Laws.

But Small Percentage of Enactments Involves New Principle.

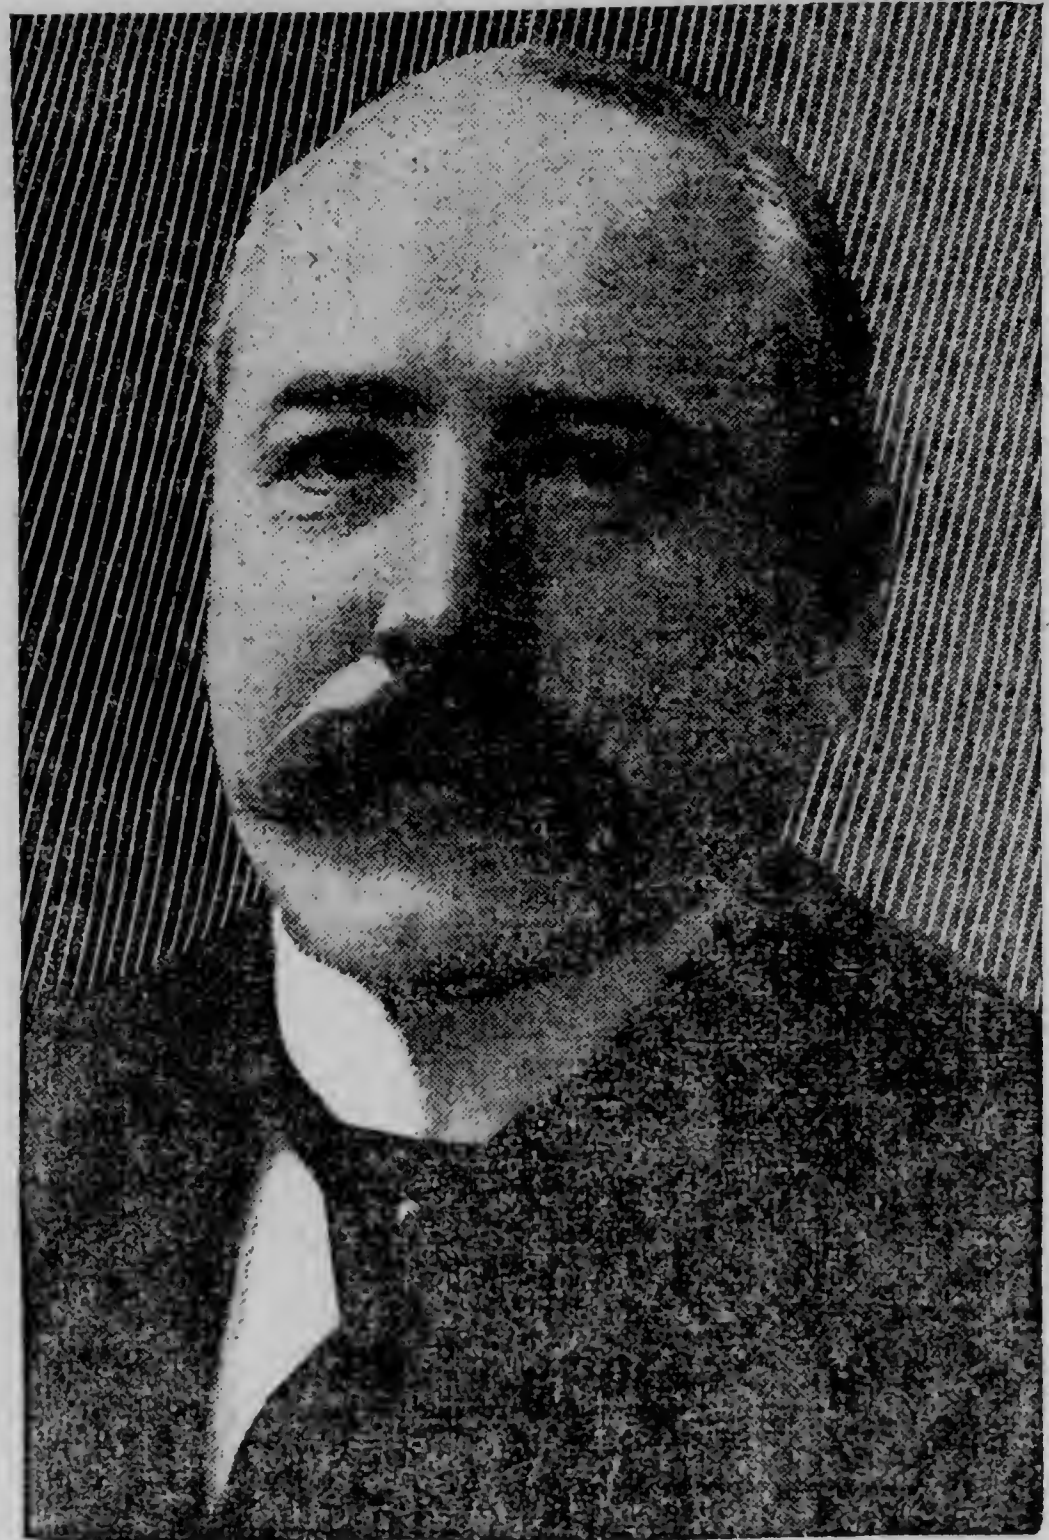

Relief From Passage of Useless Laws Absolutely Necessary.

St. Paul, Aug. 30.—When the members of the American Bar Association assembled in the house of representatives chamber of the state capitol this morning, they were confronted with a program which meant a busy three and one-half hours, for an adjournment at 1:30 was in order that a luncheon at the Town and Country club might not get stale.

Judge Alton B. Parker proved to be the drawing card at this morning's session. Long before the meeting was called to order the floor of the chamber was crowded with lawyers, while the galleries were filled with an expectant audience of men and women who came to hear the annual address of the distinguished jurist, who has addressed the annual meetings of the association for several years. The fact that Judge Parker had at one time been a candidate for the presidency of the United States brought many there to see the noted lawyer. Judge Parker came into the chamber escorted by Governor Johnson and C. W. Bunn, general counsel for the Great Northern railroad, and became at once the focus of hundreds of pairs of eyes.

Owing to the crowd, none but members of the bar association were allowed on the floor of the house. President Peck called the meeting to order at 10:30 and asked for the report of the general council on new members. Forty new members were announced and were accepted without objection. At the close of the routine business, President Peck introduced Judge Parker in glowing terms and paid a high tribute to the legal ability and personal character of the speaker. At the mention of Judge Parker's name the audience broke into a hearty round of applause which was renewed when Judge Parker arose to speak. He said:

"As a member of this bar association, proud of the normal condition of the body in its usual position, to be of service to the profession and the public on the broadest terms, and uttering as I

St. Petersburg, Aug. 30.—It is asserted that Premier Stolypin and his colleagues are employing the newspapers which they control to fight the court campaign. This it is said, is the secret of the Novoe Vremya's constant references during the last few days to the necessity for protecting the cabinet from the interference of pernicious court influences.

## MANCHURIA MAY BE TOTAL LOSS

Wreckers Not Able to Say What Her Chances Are.

Honolulu, Aug. 30.—Capt. John Metcalfe, representing Lloyd's, and Capt. A. F. Pillsbury, representing the San Francisco board of marine underwriters, upon the arrival of the steamer Manchu, off the island of Oahu, yesterday, were transferred direct in the open sea on board the Manchu. After remaining a short time on board the steamer, they came overland to Honolulu, where they held a conference with the agents and owners of the Pacific Mail Steamship company. Capt. Metcalfe, in an interview held later, said that it was a long and strenuous job to rescue the Manchu from her present position. It will take probably a week to place anchors securely to hold the steamer where she is, and he declines to say whether ultimate success can be expected. After the anchors are out they will then decide the question about unloading the vessel, but it is utterly useless attempting to tow her off now. Work by the salvors will begin today.

FRANK K. HIPPLE.

## WOULD NOT FACE CRASH

Hipple Placed Revolver in His Mouth and Fired.

Coroner Concealed Suicide to Give Bank Directors Time.

Philadelphia, Aug. 30.—The suspicion entertained that Frank K. Hipple, president of the embarrassed real estate trust company, who was found dead at his home in Bryn Mawr last Friday, committed suicide was confirmed today by Joseph N. King, coroner of Montgomery county. When he read the coroner's physician was standing near and he added:

"You can say that Mr. Hipple blew out his brains."  
Since the death of Mr. Hipple, the family physician and the coroner maintained that he died of cerebral hemorrhage while taking a bath. The coroner today said:

"When I went to Bryn Mawr Friday morning to investigate the sudden death of Mr. Hipple I found that he was the president of a trust company and when I discovered he had committed suicide I decided to suppress the fact for a few days in order to prevent a run on the trust company. I thought that if there was anything wrong in Hipple's transactions the directors would have a chance to make up what ever defects there were."

"Did any of the directors of the bank or members of the family request that the facts of the suicide be suppressed?"

"No sir, they did not. Any action taken by me was voluntary. Several men prominent in legal affairs told me today that I did right in suppressing the facts until the directors of the bank had a chance to make an investigation."

The coroner also stated that when he arrived at the Hipple residence last Friday he was met by the son of the deceased. The young man did not at

## GETS PROTEST FROM AMERICAN First Complaint to State Department of Cuban Rates.

Washington, Aug. 30.—According to a dispatch received at the state department today from one of the American owners of the Constancia estate, near Cienfuegos, Cuban insurgents raided this property four days ago, taking a number of horses. The state department did not make public the name of the American who sent the dispatch. This is the first protest received from Americans against molestation of their interests. Mr. Stoecker, the American charge at Havana, was called to demand of the Cuban government adequate protection for the Constancia estate and all American property similarly situated.

## FIGHT NOT A SUCCESS

Kansas City Company Declines to Furnish Cheap Natural Gas.

Chicago Capitalists Decline to Accept Franchise Offered Them.

Kansas City, Aug. 30.—Kansas City's fight for cheap gas failed at least temporarily when negotiations with representatives of the Kansas City-Missouri Gas company, now holding a franchise to furnish the city with artificial gas at \$1.10 a thousand, ended last night. Mayor Beardsley had tried to urge the company to furnish the city with natural gas at a reduced rate instead of the artificial product. The franchise held by this company provides that the city may purchase its plant and move toward this end is contemplated. Twenty days ago the city council granted a syndicate of Chicago capitalists a franchise to furnish the city with natural gas at 25 cents a thousand feet for domestic use and at 10 cents for manufacturing purposes. The time given the company in which to accept the franchise ended yesterday and it declined the offer.

## STUDY FINGER PRINTS. Army to Make Use of This Method of Identification.

Washington, Aug. 30.—Forty enlisted men from various army posts throughout the Eastern part of the United States will be ordered to the war department in Washington in a short time for instruction in taking fingerprints and in photographing, preparation for carrying out the new identification plans of the army. It is the purpose of the department to have at least one man at every post who is familiar with the finger prints and the photographic work. One squad of men has already been trained in this work. The men detailed to Washington will remain here about a week.

## QUARREL OVER ESTATE.

Three Deaths Follow Dispute Over Its Settlement.

La Crosse, Kan., Aug. 30.—As the result of a quarrel over the settlement of an estate at McCracken, seventeen miles west of here last night, Omar Young shot and killed Alexander Walker, Jr., and Grant Pettijohn. Young then started for his home at Alexander, and when two miles out of town, shot himself. Young was a bachelor. Walker and Pettijohn were married and had families.

## TO TALK POSTMASTERS.

Oyster Bay, Aug. 30.—Postmaster General Cortelyou was in consultation with President Roosevelt at Sagamore Hill today. Mr. Cortelyou came from his summer home, Huntington lodge, in an automobile. It was stated at the executive office that his call related to the appointment of postmasters. The appointments decided upon, it was said, would be announced later.

## CUBANS IN CONFLICTS

Several Fights Between Insurgent and Government Troops.

Rebels Are Trying to Avoid Clashes With Guards.

Havana, Aug. 30.—A fight took place last night at Calabazar, Havana province, between fifty insurgents and fifteen Rural Guards, with the result that the latter retreated with one man wounded.

An engagement between insurgents and government troops is reported to have occurred last night near Artambuco, province of Pinar del Rio, near the Havana border. The result is not known.

Several exchanges of shots have been reported at various places westward of Guanajay, near the Havana border, in Pinar del Rio. As the place is poorly protected, reinforcements of fifty Rural Guards have been sent there.

A portion of Pino Guerra's force is stationed at Puerto Gortez, on the south coast, near San Juan de Martinez, which the government contemplates making a central point for sending men and supplies by water to Pinar del Rio, should communication by rail be interrupted.

Capt. Poppy Cardenas, President Palma's personal military aide-de-camp, started yesterday afternoon with 200 mounted men towards Guant, Viñana province, to find the insurgent force commanded by Col. Asbert. Asbert in an interview yesterday said: "We prefer another American intervention which would guarantee legal elections, for which we are contending in order to avoid contact with the troops and therefore bloodshed, we are changing camps every eight hours."

The surrender yesterday of some of the more vigorous insurgent leaders in the province of Matanzas and Santa Clara and the coming in of a scattering few insurgents in response to the government's proffer of amnesty is vastly more than offset by the insurgent sentiment becoming stronger daily in the country districts of the provinces of Havana, Pinar del Rio and Santa Clara, and which is now reported to be gaining headway in Santiago. Persons arriving here from the country

## WILL FILL VACANCIES

President Roosevelt Has Important Army Appointments to Make.

Lieut. Gen. Corbin and Other Officers to Retire Soon.

Washington, Aug. 30.—As soon as the naval maneuvers are over at Oyster Bay it is expected that President Roosevelt will take up the matter of filling important vacancies that are to occur in the army. Lieut.-Gen. Corbin will retire Sept. 16, and it is already known that he is to be succeeded by Maj.-Gen. MacArthur, now commanding the Pacific division. The vacancy in the list of major generals will be filled by the promotion of Brig.-Gen. Jesse M. Lee. There has been a warm contest over the succession to the brigadier general vacancy. Capt. John J. Pershing, military attaché at the American embassy in Japan, is among those mentioned in this connection.

Paymaster Gen. Dodge will retire Sept. 11. Col. Taylor, who is senior second of the pay corps will waive his place in favor of Col. Enfield, for the paymaster generalship if assured that it would not prejudice his chances for the place when Col. Sullim reaches the retiring stage. Col. Sullim was private secretary to President Grant, who later appointed him major in the pay corps. Other officers have friends who have urged their selection.

It is expected that Secretary Taft will take up the army appointments with the president when he returns from Maine where the secretary makes a speech in Representative Littlefield's district Sept. 6.

## NAMES ARE NOT TO BE REMOVED

Mutual Life Administration Ticket Is to Stand.

Albany, N. Y., Aug. 30.—The decision of the lower court denying the application for a mandamus compelling the state superintendent of insurance to remove from the administration ticket for trustees of the Mutual Life Insurance company the names of four members of the international policy holders' committee was affirmed today by the appellate division of the supreme court. They came before the appellate division on appeal of Col. A. M. Shook of Nashville, Tenn., in behalf of himself and his associates on the policy holders' committee. Judge George of Delaware, Chas. R. F. Tracy of New York and Harlow N. Higginbotham of Chicago.

An appeal will doubtless be taken to the court of appeals.

### White City Notes.

Yesterday was a great day at the White City for about 500 little ones, who bumped the bumps and rode on the miniature road. Lewis Gude won the sack race by beating Clifford Marvin, Willie Herzog, and a class of twenty-five boys. Little Jack Seymonds, who is here with a theatrical troupe, found the one dollar bill that Mr. Gede had secreted beneath a piece of fly paper in the ice cream parlor, and spent it riding around the Mystic river and the Merry-go-round.

James O'Brien, who lectures on the Irish tour, was in his element this week as the journey is one through Ireland. It shows the harbor of Queenstown, the Glenties causeway, the Loughs of Killybegs. The pictures are the most distinct shown this season.

In the log rolling contest Mrs. Katoa best John La Prairie in the afternoon and at night Mr. La Prairie scored a point against the woman ruler. These contests are easily the best attraction ever seen at the White City and are drawing large crowds. The contests are given every afternoon and evening at 3:30 and 9 p. m. and will continue Saturday and Sunday.

## PLANS FOR LABOR DAY

Stores Will be Closed Monday and Employees Will Picnic.

Holiday Is Expected to be Very Generally Observed.

Duluth will be practically a "closed town" next Monday, in event of the Labor day celebration.

All of the business houses in the city have made arrangements to keep closed for the day so that their employees may be free to enjoy the holiday in any manner they please.

All that it needs now to make the prospects the very best for a rousing good time, is the assurance of good weather and the weather man is working overtime to manufacture the real article and has good hopes that he can deliver the goods right on time.

The big Labor day picnic will take place at Fairmount Park in West Duluth where the labor organizations of the city have arranged to take care of a large crowd of their members, families and friends. No detail has been lacking in the arrangements to make the picnic a complete affair, and it is expected that the park will be visited by a large crowd.

The other parks and popular places of amusement are also likely to get their share of the crowds if the weather is propitious. The White City will doubtless prove a strong drawing card day and evening, with its big flat of attractions and facilities for picnic parties, while many families are laying their plans to picnic at Lester and Lincoln parks.

A great many Duluthians have planned excursions out of the city for the day, by train and by boat, and there is said to have been a big demand on the owners of gasoline boats to charter their craft for the day. Some of the local tinners are taking advantage of the fact that the chicken shooting season opens Saturday by planning trips to the western part of the state that will take them out Sunday and Monday.

While there are local people who will be leaving the city to celebrate Labor day elsewhere, it is expected that there will be quite an influx of visitors from the range and from neighboring cities and towns.

Excursions will be run up the river and on the bay by the steamers Noyah and Fremont and the Booth company will arrange for an excursion to Two Harbors.

## INSURANCE COSTS MORE

Rates on Grain in Elevators Are Given Stiff Raise.

Part of Plan of the Companies to Reimburse Themselves.

Insurance rates on grain stored in elevators have been given a big boost, according to advices received in the city today by the insurance agents.

The agents, this morning, received new schedules of rates on grain to go into effect at once. Copies of the Superior schedules show a raise of from 34 to 64 per cent. A copy of the Duluth schedules could not be secured, but at a local insurance agency this morning, it was stated that the new rates showed a material advance, and the changes would probably average about the same as those in Superior.

The action of the insurance companies is believed to be a part of the general campaign to reimburse themselves for the enormous losses sustained during the great San Francisco conflagration.

The grain insurance item at the Head of the Lakes is a big one, and a raise of this magnitude, coming at this time of the year, will net the insurance companies a pretty tidy sum before spring.

BORDEN AS A MODEL.  
Duluth Herald: Col. John W. Borden, who at the time of his death was treasurer of the Globe Print Works, in Fall River, was fond of telling the following story:

During the latter part of his career as treasurer he decided that he had seen enough of the business and had practically made up his mind to retire. He talked the matter over with his wife, and she agreed. So the colonel sent in his resignation. When the annual meeting was held, however, the directors, after much persuasion, prevailed upon him to remain another year.

When he reached home his wife said: "Well, John, have you left the mill?" "No," replied the colonel, in his slow

## Dividend Announcement

### INDUSTRIAL

The Company has just declared a cash mortality dividend on Policies over 5 years in force which have matured and shall mature in 1906. To all death claims on Policies over 5 years in force it adds 5 per cent.; to all death claims on Policies over 6 years in force, 6 per cent., and an additional 1 per

cent. for each year of duration. Thus the dividend on claims under Policies over 10 years in force is 10 per cent.; over 15 years, 15 per cent.; over 20 years, 20 per cent.; over 25 years, 25 per cent.; 1879 (the earliest issue), 27 per cent. The cost of this dividend payable during the current year is approximately

ONE MILLION TWO HUNDRED THOUSAND DOLLARS.

In addition to this the immediate benefits (payable during the six months after date of issue) on adult Industrial Policies, excepting Term and Endowment, issued during 1906 have been doubled. Certain increases have also

ONE HUNDRED AND FIFTY THOUSAND DOLLARS.

These dividends are over and above the dividend declared on Industrial Policies January 1st, which was a quinquennial cash dividend, amounting to about 20 per cent. of the premium for a year, declared on all Policies (ex-

SIX HUNDRED AND EIGHTY-TWO THOUSAND DOLLARS.

Thus the Company THIS YEAR has declared and IS PAYING dividends on Industrial Policies amounting to

### Over Two Millions of Dollars

Every one of these Policies is non-participating, promising a definite sum only at maturity, without dividends. The payment of the dividend is PURELY VOLUNTARY. Dividends have been actually paid without promise for many years by the Metropolitan. The total amount now approximates

### Ten Millions of Dollars

in 12 years. Included among these Policies are hundreds of thousands of Policies issued by other companies and assumed by the Metropolitan.

### INTERMEDIATE

Intermediate Policies for \$500 each have been issued by the Metropolitan for 10 years past. They are Policies designed for such of the Industrial classes as can afford to pay annual, semi-annual or quarterly premiums in-

stead of weekly. As the plan was new there was no actuarial experience to guide the Company as to mortality cost. The Company promised to pay, if earned, dividends after five years and annually thereafter. This year the Company set aside over

### Six Hundred and Twenty Thousand Dollars

to be paid in dividends on Intermediate Policies during 1906. Payment of these dividends has brought the cost of the Policies very nearly down to the non-participating rates of this and other Ordinary companies.

### ORDINARY

The Ordinary Policies issued by the Company for the last 13 years have been practically all written on non-participating rates—plain business contracts for plain business men, which tell their whole story upon their face, leave nothing to the imagination, borrow nothing from hope, require definite conditions and make definite promises in dollars and cents. The rates, therefore, are low. The Company has in force, however, a considerable though, compared with its total business, a very small percentage of partici-

pating business. Some of the Policies were issued on annual dividend and some on deferred dividend plans—many of the latter having been issued by other companies and assumed by the Metropolitan. Upon these policies the Company has this year declared and is paying a dividend equal to the excess premium charged by mutual rates over the non-participating rates charged on its current business. The amount of this dividend is nearly TWO HUNDRED THOUSAND DOLLARS, which is a voluntary extra dividend.

Thus the amount of dividends the METROPOLITAN LIFE INSURANCE COMPANY is paying this year is nearly

### Three Millions of Dollars

THREE-QUARTERS OF WHICH IS A VOLUNTARY GIFT BY THE COMPANY TO ITS PATRONS.

## ARMSTRONG LAW IS CONDEMNED

### Majority Report of American Bar Association Attacks It.

St. Paul, Aug. 29.—Two sessions of the American Bar Association's twenty-ninth annual meeting have been held and both have been attended by large gatherings of lawyers and many women. Last night's session drew an attendance which filled the large chamber of the house of representatives in the new state capital to overflowing and every seat in the galleries was filled.

House Journal of Lincoln, Neb., read a paper on "The Causes of Popular Dissatisfaction With the Supreme Court." The second paper was read by J. J. Jenkins, chairman of the judiciary committee of the National House of representatives on the subject, "Can Congress Transfer to the State its Power to Regulate Commerce?"

Immediately following this session a reception was tendered in the capital to the visiting members by the Minnesota bar association.

That there are subjects of more than usual interest before the association at this meeting is evidenced by the reports of the various committees which have been distributed and which are eagerly sought and it is anticipated that when some of these reports come up for discussion there will be sharp debate in the regular meetings.

The report of the insurance committee, especially, is likely to be warmly discussed, from both sides, a majority and a minority report having been made. The majority report condemns the Armstrong law of 1905 as "conspicuously unwise" and declares that not only are many states charging insurance companies much more than the cost of state supervision, but that in many states the administration of insurance laws has been characterized by unblinking fraud, mostly in the shape of blackmail, or by gross incompetency.

The committee recommends: Biennial appointment of deferred dividends. Repeal of retaliatory tax laws and repeal of the policy laws. Each state to have a fire marshal. The United States to forbid the use of the mails by "wild cat" insurance companies. A federal statute to regulate interstate insurance transactions, objects in particular to the Armstrong law.

The minority report of the committee on commerce defends the present national bankruptcy law and recommends its retention.

TO END RACE WAR.  
Brivan, Russia, Aug. 29.—The first general conference of Armenians opened today at the Etschmizine monastery which is the seat of the Armenian Catholic patriarch. The principal subject for discussion is the question of the reorganization of the schools in consequence of the restoration of the Armenian church property by the Rus-

slan government but the most important action of the congress is likely to be in connection with measures for ending the race war between the Armenians and Tartars.

### IT WAS JUST A JOSH.

Gaekwar of Baroda Takes Back Stur at American Women.

London, Aug. 29.—The Gaekwar of Baroda, who has been traveling through Scotland, says that he spoke jokingly when he told the New York reporters that American women lacked real beauty. "I have really found American ladies charming women," he says. "I am sorry that I have not met more of them."

The Gaekwar says that upon his arrival in London he found a number of letters from American correspondents, some of whom protested because they thought he spoke slightly of the beauty of American women. That, he asserts, was not the case. The American reporters misunderstood his pleasantries for a serious mood. Moreover, he says, he distinctly remembers stating at the time that they not only possessed charms peculiarly their own, but that they were the best dressed women that he had seen.

### EMULATES THE RUSSIANS.

Internal Machine Comes Near Blowing Up American Vessel.

Philadelphia, Aug. 30.—An internal machine was discovered on board the steamship Eagle Point as the vessel lay in the Delaware river at the Philadelphia and Reading railroad grain elevator. The steamer was saved from destruction by a fraction of a second as the bomb exploded as it touched the water after being thrown overboard.

The Eagle Point belongs to the Philadelphia Trans-Atlantic line and plies between this city and London. The internal machine which endangered the lives of Capt. Robertson and a crew of thirty men was discovered by Sylvester Treven, steward. He carried it to the captain, who threw it into the river. As it sank it exploded, sending a column of water fifty feet in the air. It is hinted that a former member of the crew who felt that he had a grievance against Captain Robertson placed the bomb on the vessel.

WANTED TO QUALIFY.  
Packers Not Ready to Make Non-Trust Affidavits.

Jefferson City, Mo., Aug. 30.—Pursuant to the Missouri statute requiring each corporation doing business in the state to file an affidavit once a year with the secretary of state, that it is not a member of any trust or combination, attorneys for Armour & Co., and the Armour Packing company of Chicago, yesterday asked permission of Secretary of State Swannor to file affidavits for their companies that "they are not members of a trust or combination, subject to the decision of the courts in the anti-trust proceedings now pending against them."

There are three cases pending

against these companies. One in the United States court of Arkansas, another in the United States court of Missouri, and the third in the United States court at Chicago. Upon advice of Attorney General Bailey, the secretary refused to receive these qualified affidavits.

### WANDERED MANY MILES.

Aged Man Put Off Train and Walks Fifteen Days.

Montgomery, Minn., Aug. 30.—John Weidner, who left this city Aug. 13 for Minnesota, intending to return to Duluth, after having purchased a stock of leather, returned yesterday. As he did not return when expected, inquiries were sent to the chief of police at Minneapolis. Notices were sent to the Duluth City dailies and inquiries were also made of the leather house of which he purchased the leather, all to no avail. Mr. Weidner relates the following story of his wanderings: On Monday, Aug. 13, on reaching Minneapolis, he went to the leather house and made his purchase, taking with him in a small satchel a part of the leather which he needed for immediate use. He then proceeded to the depot and finally boarded a train, which must have been the western branch of the Minneapolis & St. Louis railway, as he got to Excelsior where he was put off the train. From there he walked, as he had no money left, passing through New Ulm and finally reaching Windom, where he was put on the right way towards Montgomery, again walking through Le Sueur Center, where he met W. A. Kennedy, county treasurer, who gave him money with which to get his horse and pay his car fare home. Mr. Weidner is an old man and such a hard trip nearly wore him out, and he declares he will never leave Montgomery again.

along the lines that have been so successfully used to exploit Western Canada. The plan was to double the population of Northern Minnesota and the Red River valley portion of North Dakota.

Whittaker claims that in company with some other laborers he had been to the car to get his pay when he was approached by Frederickson, a member of the union crew, and told that he had better go over to Superior as there was another strike on and he drew the revolver for protection. He claimed the Minneapolis employment agent that hired him said there was no strike on in Duluth.

Summer Tourist Rates.  
Effective Aug. 6th, 1906, the Duluth South Shore and Atlantic railway will have the following rates:

One lowest first class fare plus \$2.00, return limit 15 days.  
One lowest first class fare plus \$4.00, return limit 30 days.

Tickets are on sale to all points of the Canadian Pacific railway and Grand Trunk railway, Toronto and St. Paul, and to all points on the International railway.

To all summer tourist destinations in New England territory and New York points, tickets are on sale every day up to and including Sept. 30th, 1906.

To New England territory tickets are on sale Aug. 30th and 31st and Sept. 1st and 2nd.

All tickets good for continuous passage in both directions. A. J. Perrin, General Agent, 430 Spaulding Block, Duluth, Minn.

DONATES WHOLE SECTION.  
Denver, Aug. 30.—Edward Keating, president of the Denver Press club, was elected president of the International League of Press Clubs yesterday at the session at Corona on the continental divide. St. George Kempsey, of the New York Insurance Journal, was elected treasurer and Thomas Garvey, of the Reading Times, was elected secretary. The Natutia Valley company offered the league 600 acres of fruit land with perpetual water rights as a site for the proposed national home for aged and incapacitated newspaper men.

Passenger Fares Reduced.  
Effective August 27th to October 31st, "The North-Western Line" (C. St. P. M. & O. Ry.) will sell one way, second-class "Colonists" tickets at greatly reduced rates, to points in Arizona, California, Colorado, Montana, Nevada, Oregon, Utah and Washington. Rates to some of the principal points, as follows: San Francisco, Los Angeles, San Diego, \$34.50; Seattle, Wash., Tacoma, Wash., Portland, Or., \$27.00; Denver, Colorado, \$24.50; Omaha, Neb., \$24.50; St. Paul, Minn., \$24.50; Ancon, Mont., Butte, Mont., Helena, Mont., \$22.00; Salt Lake, Ogden, \$24.50. Intermediate points at no higher rate.

## MAY LOCATE IN DULUTH

Unitarian Minister From Scotland Will Preach Here Sunday.

Probable That He Will Take Charge of Local Church.

Regular services will be resumed at the Unitarian church, Eighth avenue east and First street Sunday morning, and there will be preaching by the Rev. Mr. Innis of Scotland, who is visiting in this country.

At 12:20 Mr. Innis, and his wife, Mr. Innis was formerly president of the Unitarian Association of Scotland, having held that post of honor for several years. His church in Scotland was in the famous old town of Kilmarlock, and Mr. Innis was very successful in his work there. Since coming to the United States, however, he has been so well impressed with the country that he is contemplating remaining permanently here. He has a son, Aitken, Minn., whom he is visiting at this time and if he should decide to remain in the country, there is some possibility that he will permanently take charge of the local church, in order to be near his son.

Since Rev. Harry White was called away from Duluth to take charge of the church at Worcester, Mass., several months ago, the local church has been without a regular minister, and there have been only occasional intervals, when some outside minister would conduct meetings. If Mr. Innis decides to remain in Duluth, regular services will be resumed and the work of the church will be continued.

The success was gained by Mr. Innis in the work in Scotland will undoubtedly follow him here should he decide to remain, and the prestige of this success will do much toward making the Duluth church more of the center of the Unitarian work of the state.

The morning service Sunday will begin at 11 o'clock, followed by Sunday school at 12.

## TO TOG OUT WOODSMEN

Merchants Planning to Send Tailors Into Woods This Fall.

Will Make the Lumberjacks Look Quite Like Ordinary Citizens.

A new innovation in the clothing business will be inaugurated by a number of Duluth merchants this fall, and if a success, it will make the old-time lumberjack only a memory in this city.

The new plan is, in fact, to "tog out" the lumberjacks and woodmen in clothes such as are worn in Duluth and all up-to-date cities and towns hereafter, when these men come into town to have "the time of their lives" it will be hard to distinguish them from any ordinary citizens who also happens to be having a good time.

The merchants of this city have decided to send out tailors at different periods during the season to all of the big lumber camps, where they will take measurements of the men and take their orders for clothes if they desire to purchase. The tailors will then return to the city and report to their employers who will in turn order the clothes made to the measures of the men. In a short time the clothes will be sent out to the camps and the next trip the "boys" make to the city they will be dressed right up to the minute.

It will look rather unlike to see a party of a dozen or more lumbermen strolling up and down Lake avenue in their finery.

Whether the woodmen really prefer to wear rough clothes while in camp, or whether it is merely because they are in a part of the country where good clothing can not be purchased, will be determined by this new experiment to be tried by Duluth merchants. Very few of the human race prefer to wear rough clothing and it is more than likely that the plan of the lumbermen will meet with great success. It shows the enterprise of the merchants and if the picturesque, old-fashioned woodmen must go, the Duluth concerns at least will have the benefit.

ARE DROWNED

Steamer Wrecked on Lake Winnipeg—Ten Miraculously Escape.

Selkirk, Man., Aug. 30.—The steamer City of Selkirk arrived here this evening from the north end of Lake Winnipeg and reported that the steamer Princess, with sixteen hands on board, ran into a rock near Swampy Island Sunday night and six of the crew were drowned. Those drowned were:

Two Icelanders.

Only one body was recovered. The vessel was engaged in the fish trade and was owned by Capt. Robinson of Selkirk. She was expected here this evening with a large load of fish, and it is supposed she was too heavily laden and, being strained by a storm, broke in two. The crew of the City of Selkirk says it is probable that the other ten on board escaped with their lives, as the storm was the worst of the season.

CITY CLERK RESIGNS.

A. N. Thompson of Virginia Finds Other Business Too Pressing.

Virginia, Minn., Aug. 30.—(Special to The Herald.)—A. N. Thompson resigned his position as city clerk at the council meeting Tuesday evening, and A. E. Bickford was appointed to fill the vacancy. Mr. Thompson resigned because the time demanded in attending to the duties of the office interfered with his business as manager of the Virginia Lumbering machine agency. His brother, who has been assisting him in the sewing machine business, was recently sent to Fargo and for this reason A. N. could no longer attend to the duties of city clerk.

Ex-Mayor Tracy addressed the council in protest against tearing up the curb of the cement sidewalks, laid last year on Chestnut street, in order to lay the new combined curb and gutter, unless the city would pay for making the change. The matter was referred to the street and alley committee.

ALTHING HAS INFLUENCE.

May Change Relations Between Denmark and Iceland.

Copenhagen, Aug. 30.—It is probable that the recent visit of members of Iceland's parliament, the althing, will soon result in changes respecting the relation between Denmark and Iceland. Icelanders desire for the adoption of bills stating that the Danish government and the rigid never can interfere with the interior affairs of Iceland. They want a bill specifying all the common affairs of the two countries. Part of the Icelanders want also that King Frederick's title shall be king of Denmark and Iceland, and they also want to consider the relations between Denmark and Iceland as a union. They say: "We will conserve a common flag and flag; we will belong to Denmark but we cannot home rule for ever our own affairs." It seems that Denmark is willing to accept the Icelanders' claim.

CLAIM HE IS DEGENERATE.

Spokane, Wash., Aug. 29.—Mental irresponsibility is to be the defense of Sydney Sloane, the 17-year-old boy who killed his father, James F. Sloane, Tuesday. The defense will try to show that the young man is a mental infant and entirely undeveloped morally. Mrs. Sloane visited her son in the office of the chief of police yesterday. The mother shed a

few tears, but made no other show of emotion. The boy came from the conference with his eyes and with his hands in his pockets.

UNIFORM LAW FOR DIVORCE

Committee of Divorce Congress Considers It at St. Paul.

St. Paul, Minn., Aug. 30.—When the body of men known as the Divorce Congress met in Philadelphia, Nov. 12, it will have submitted to it a uniform statute relating to the annulment of marriage and the granting of divorces. The sub-committee of the full committee on resolutions has prepared an act which when revised will no doubt meet with the approval of the Divorce Congress, and will be submitted to congress for passage, thus establishing universal law on divorce and annulment of marriage.

While this question has nothing to do with the American Bar association, there are so many members of the committee on resolutions of the Divorce Congress who are attending the meeting of the association that a meeting of the sub-committee was held at the state capitol yesterday afternoon for the purpose of going over the proposed law and correcting and revising any objectionable feature. When this sub-committee has finished the statute it will be presented to the full committee which will meet Saturday morning and then the bill will probably be approved for submission to the congress at Philadelphia.

The sub-committee had before it a printed draft of the proposed bill and there at times became an interesting discussion. There was nothing of a serious nature about it. The most important change made in the proposed law was the abolishing the age of consent when either male or female in the marriage relation to 16 years for the female and 18 years for the male. Article II of the act briefly defines divorce as being of two kinds: Divorce from the bonds of matrimony and divorce from bed and board. The sub-committee passed this without change. Article III defines Article II, and over the philosophy of the act. The idea being to make the law as brief as possible and to make it as simple as possible. It is possible that some interesting discussion may arise in the whole committee.

Two Duluth Men Delegates to Convention at Boise City.

St. Paul, Aug. 30.—According to information sent to Governor J. A. Johnson, the fourteenth national irrigation congress will be held at Boise City, Idaho, Sept. 3. It will be the largest gathering of men interested in irrigation ever.

There will be present at the congress as representatives of the state of Minnesota at large: Dr. F. L. Brabec, Perham; B. B. Haugen, Fergus Falls; Henry Damon, Minnabago; George T. Propper, Minneapolis; E. M. Paulson, Minneapolis; John McAlpine, Duluth; Cornelius Crowley, St. Paul; John A. Caulfield, St. Paul; A. B. Catts, Minneapolis; M. J. In steel making, pig and iron has calmed down. Pittsburgh reports sales of basic iron for the first half of 1907 at \$18. at Valley furnaces, including 25,000 for Buffalo, Bessemer iron has gone to \$18.50 at furnace. As indicated, what may be expected later in the year, it is noted that three additional furnaces of the Illinois Steel company, producing 1,000 tons a day, will be active in the next thirty days. As humidity declines, pig iron production in all the districts will increase. Heavy business in both sheets and tin plates is reported, and advances in both lines appear imminent. Some independent producers have already put prices \$1 a ton. The big trade shows signs of over-selling. The premiums already secured by certain producers of steel bars may lead to a general advance. Some mills are fully sold for the balance of the year. The basis for Lake Superior ores for 1907 is still a subject of diverse views, a 50-cent advance being favored, while some sellers would stop at 25 cents in the interest of Eastern buyers. The Hill ore deal now finds litigation over Minnesota state leases its only obstacle. TOO MUCH RAINFALL. Panama, Aug. 29.—During the past two months the rainfall at Colon has been excessive, rendering work on the reconstruction of the city difficult. Notwithstanding that a larger force of men has been engaged on the installation of sewer pipes and brick paving in the principal streets and other important works, health conditions are unsatisfactory owing to the prevalence of malaria. There have been only a few cases of snailpox. NEED MEAT IN GERMANY. Danzig, Prussia, Aug. 29.—In his annual report the British consul here, Col. Brookfield, points out the increasing scarcity of meat in Germany, and suggests that the Australian colonies make inquiries whether a large quantity of frozen meat might not be sent to Germany. The consul thinks that though the present law is prohibitive, the scarcity of meat will soon oblige the government to change its policy.	

## HE DODGES POLITICS

Bryan Refuses to Discuss Them Prior to His Speech.

Royal Welcome Extended to the Great Democratic Leader.

New York, Aug. 30.—Under grey skies, but exuberant spirits and cheered by the suns of many climates during a year of travel, completely around the world, William Jennings Bryan of Nebraska, arrived in New York yesterday afternoon on the steamer Princess Irene and received an ovation from large welcoming parties, which went down to quarantine to meet and cheer the incoming vessel and its distinguished passenger. Mr. Bryan did not enjoy his usual health during the voyage, but he was much better yesterday and said that he felt sure he would be able to carry out the plans which have been made for him during the last few weeks. He was much fatigued when he boarded the steamer and during the entire voyage suffered from indigestion and headache. His illness was not serious enough to interfere with his work, however, and he devoted the last days at sea in preparing speeches and an correspondence.

Mr. Bryan was taken off the Princess Irene by special permission of President Roosevelt shortly after the vessel had anchored in quarantine. First he went aboard two tugs, which had been chartered by "Bryan's Nebraska Home Folks," where he was excitedly greeted and hailed as the next president. He then went aboard the trim little yacht Illini, owned by his long time friend and schoolmate, Edward F. Goltz of St. Louis. On the Illini, Mr. Bryan was taken to the landing of the Oceanic Yacht club at Stapleton, Staten Island, where he was whisked away in an automobile to the home of Lewis Nixon, Ben Brown on the heights of Tompkinsville.

Here Mr. Bryan spent the night, the evening being devoted to a conference with intimates and personal friends and prominent Democrats. Those who attended the conference declared its purpose was to discuss the plans which have been made for him and to acquaint him with the details of affairs at home. Mr. Bryan was accompanied by his wife and daughter, Miss Grace Bryan. Mrs. Bryan met with him on the Illini and to Mr. Nixon's home. Miss Bryan continued on the steamer and spent the night with friends in the city. Col. James C. Wetmore, of St. Louis; Mr. and Mrs. M. F. Dunlop and Miss Dunlop of Chicago, who have been traveling companions of the Bryans during the latter part of their tour, also arrived on the Princess Irene. Mr. Bryan could not be drawn into a discussion of political questions. "What I have to say of politics at this time and with my incomplete knowledge of affairs at home, will be said tomorrow night at the Madison Square Garden reception under the auspices of the Commercial Travelers' Anti-Trust League. Probably then you will find that I shall discuss subjects I have spoken of before," Mr. Bryan added with twinkling eye. It was said that last night's conference might have some weight regarding the features of tonight's speech which will be in the nature of a response by Mr. Bryan to the endorsement which recently have been accorded him by various state conventions as the next Democratic presidential candidate.

Asked pointedly regarding the probability of his candidature, Mr. Bryan said he had nothing to add to the letter he wrote to former state Senator J. K. Jones of Arkansas, in which he said that he might accept a third nomination under certain conditions. At last night's conference at the home of Mr. Nixon were Mayor Tom L. Johnson, Cleveland, Ohio; National Committee Campaign, Mich.; Mack Jones.

## TAKING PIG AT HIGHER PRICES

Scarcity Continues Feature of Market—Lake Superior Prices.

New York, Aug. 30.—The Iron Age today says: Present scarcity dominates the pig iron market, and the possibilities of production in the farther future get scant notice. Consumers of foundry iron in particular who find difficulty in meeting early wants, are pre-empting furnace output in the early months of 1907. Only a good beginning has been made in buying for next year, and the larger foundry interests lead the movement. At advancing prices further business was placed in the past week. Sellers seem less eager than buyers to reverse the practice of making short intervals between sales and final deliveries.

In the Central West there is less excitement than in former weeks, while in the East, as shown in the Philadelphia market, the uneasiness on the part of buyers is more marked. That consumers are not unanimous in their judgment of the future is illustrated in the withdrawal of an inquiry for 10,000 tons of foundry iron by a Wisconsin implement works. Pig iron prices have advanced from 50 cents to \$1 a ton, and variations in selling prices grow more noticeable. On Southern iron prices for 1907 delivery range from \$15 to \$16 Birmingham for No. 2 iron, the discrepancy coming in part from the practice of making delivered prices, which meet distinct competition. The

## GREATEST WELCOME EVER ACCORDED TO PRIVATE CITIZEN GIVEN TO BRYAN

**William J. Bryan Declares That Trusts  
Are the Great Issue of the Day.**

**Government Ownership of Railroads,  
States Owning the Local Lines.**

**Republican Congress Scored for Not  
Passing Laws Asked by President.**

New York, Aug. 31.—The homecoming of William J. Bryan was made complete last night when he was greeted in Madison Square Garden by a throng of welcome numbering more than 20,000. It was such a welcoming as seldom, if ever before, was accorded a private citizen. Mr. Bryan's eyes filled with tears as he stood and acknowledged the thundering welcome from 20,000 throats. For eight minutes, while the garden seemed to sway and shake from the shouts and applause, he strode nervously from side to side of the platform. Only once during the entire evening, was there anything approaching such a demonstration. That was when the speaker told his hearers that he had been converted to the cause of government ownership of railroads.

"I favor the control of only the trunk lines by the national government," said Mr. Bryan, "and the ownership of all other railroads by the state governments."

In an instant thousands of voices were raised and thousands of faces were turned toward the speaker's stand, where William Randolph Hearst sat. "Three cheers for Hearst," was the cry which swelled until the speaker's voice was drowned for a moment. Last night's reception, which was given under the auspices of the Commercial Travelers Anti-Trust League, proved really to be the soundest of the Democratic campaign call. Mr. Bryan's speech was a clear outline of his ideas as to what the Democratic policy should be. The election of United States senators by the people; regulation of the trusts; an eight-hour day; settlement of all international disputes by arbitration rather than by war; to force, and revision of the tariff, were some of his principles. Mr. Bryan declared, however, that he was merely expressing his own opinion and not attempting to forecast the policy of his party.

Mr. Bryan declared that the trusts were the great issues of the day. He

avored the closest supervision of the organization of corporations and declared that no man should be a director of two or more corporations which deal with each other or engage in the same line of business. He called for the enforcement of the criminal clause of the Sherman anti-trust law. He went into the question of the government ownership of the railroads and revealed what he had seen in other countries had served to strengthen his conviction on the subject. He saw danger in centralization, however, and for this reason advocated federal ownership of trunk lines and state ownership of local lines.

The speaker scored the Republican congress for not passing the legislation urged by President Roosevelt, giving publicity to campaign contributions, but gave the president some praise for what he termed his adoption of Democratic ideas. Mr. Bryan said he hoped the income tax might some day be imposed through an amendment to the constitution. He referred briefly to the recent insurance investigation, and said, smilingly, that he believed the disclosures made would result in difficulty in securing large campaign contributions in the future.

Of the financial question, Mr. Bryan said the unexpected and unprecedented discovery of gold had brought a victory both to the advocate of the gold standard and the advocate of bimetallism.

"The Republicans have gained so much pleasure and some partisan advantage," he said, "from the discussion in our ranks on the money question that they ought not to be grudge us the pleasure we find in the fact that conditions have improved, the cause of discord and dissension."

The only discordant note sounded during the evening was when Mr. Bryan turned to a discussion of Socialism, and declared the man who trusts the trust is an economic growth.

## W. J. BRYAN LEAVES NEW YORK FOR CONNECTICUT

**Speaks Feelingly of Reception Tendered  
Him at Madison Square.**

New York, Aug. 31.—William J. Bryan left the Grand Central station on a train for Connecticut at 10:06 a. m. today. About 100 persons were gathered on the station platform as the Bryan train pulled out and they cheered him as he departed. Mr. Bryan bowed his acknowledgments from the rear platform. A party of friends accompanied Mr. Bryan in a special car.

Mr. Bryan, despite the fatigue and strain of yesterday and last night, rose early this morning. He was up and about shortly after 7 o'clock. Though he said he felt fine and was smiling when the newspaper men clustered about him, he could not suppress the look of weariness in his face brought by the strain of his reception and the many incidents connected with it.

Mr. Bryan was in his shirt sleeves and slippers when he received the reporters. He was asked to give some expression of opinion regarding last night's greeting, but he said he preferred not to talk of it. It had filled his heart with emotion, he said, and was a matter so personal and dear to him that it was difficult for him to express an opinion in words. Pressed for some word to the people regarding the reception, Mr. Bryan finally said:

"It would be the big event in the life of any man to face what I faced last night. I was more than pleased with the reception accorded me, but these words cannot convey my meaning—any words are insufficient. I think you know how grateful I feel for the welcome I received last night. I had so to that sea of faces in the garden last night, and I really don't mind it."

Mr. Bryan said he would make no formal statement today on any subject, political or otherwise.

While Mr. Bryan was talking to his early morning callers and opening his train, Mrs. Bryan came in for a few minutes and was introduced to the press.

Among the callers were a delegation of natives of India, headed by Tinnir (professor) Mohammed Durratullah. They presented an address to Mr. Bryan in which they thanked him for his reference in his speech last night to British rule in India.

Just before Mr. Bryan left the Hotel Victoria at 9:45 a. m., he was prevailed upon to give expression to his views on certain subjects. His remarks were brought out by a question in which he was asked if he could cooperate with Governor Folk of Missouri, in a set

propaganda of Democratic doctrines for the next two years.

"I have not co-operated with anybody thus far," Mr. Bryan replied. "I want to co-operate with everybody who holds the same views I hold, and who wishes to co-operate with me."

After a moment Mr. Bryan continued: "The popular idea in the East is that much good results from two or three men getting together and arranging things for the masses. I believe, now, as I have believed in the past, that the people are capable of thinking for themselves. In that way they get the best results."

Stanford, Conn., Aug. 31.—The first stop of Mr. Bryan's train was at Stamford and there it was only a momentary pause, as the train was fifteen minutes behind the schedule. A crowd of many hundreds of persons had gathered but they only had a fleeting glimpse of Mr. Bryan. The reason for this was that when the train was stopped his car was at the west end of the station and in a place which could only be reached by a foot bridge. In consequence scarcely a hundred people got to the rear platform and heard Mr. Bryan speak. He said: "I have only a moment to greet you and that is not enough to enter upon the discussion of any subject. I'll come again," and the train moved on with Mr. Bryan smiling and bowing.

**NATURAL GAS EXPLOSION.**  
Wrecks Store Building and Two Adjoining Dwellings.

Kansas City, Aug. 31.—An explosion of natural gas early today at Armourdale, Kan., wrecked the store here, in a small building in Kansas avenue, occupied as a dry goods store by Arnold Lieberman, wrecked that structure, and two adjoining dwellings were burned. Several persons in nearby houses were thrown from their beds by the force of the explosion. Joseph Helakel, a laborer, and Ruth Ewing, years old, were injured by falling timbers and cut by glass.

**ROBBERIES IN AUTOMOBILES.**  
Kingston, N. Y., Aug. 31.—The automobile robbers who have committed depredations in Long Island have probably appeared in this vicinity. Early today three men and a woman, all masked entered the postoffice at Highland. They blew open the safe, secured \$500 in money and \$800 in stamps and escaped in an automobile when residents who had been aroused, came on the scene.

### READY TO FIGHT.

Russian Has Retracted But Is Not Averse to Duel.

St. Petersburg, Aug. 31.—M. Yakobson, the representative of Grodno in the late parliament, who was recently challenged to fight a duel by Lieut. Smirinsky, of the artillery, for accusing the army in Manchuria of cowardice, in an open letter today says he has already retracted the charge in an open session of parliament, but if the officer and his colleagues were not satisfied, he, M. Yakobson, is willing to submit the issue to a court of honor.

### WILL SAIL FOR HOME.

London, Aug. 31.—Robert S. Critchell, of Chicago, who was injured in the wreck of the steamer Express at Salisbury, July 1, has so far recovered that he has arranged to sail for the United States on the American liner St. Paul, which is scheduled to leave Southampton for New York, Sept. 28.

### JAMES G. BLAINE III CLERK AT \$6 A WEEK.

New York, Aug. 31.—James G. Blaine III, grandson of the dead statesman, has just made his metropolitan debut as a financier. For the last month he has been employed as clerk of the Night and Day bank on Fifth avenue. Report has it his salary is \$6 a week. He is not in love with the job. An official in charge of the bank said: "It is true young Blaine's salary here is \$6 a week, but the arrangement is only temporary. As soon as he has mastered the rudiments of the business his uncle plans to launch him in Wall street."

James G. Blaine III's mother, wife of Dr. William T. Bull, is on the way from Europe to the family summer home at Newport.

### LIGHTNING DESTROYS BARN.

Lincoln, Minn., Aug. 31.—During the heavy electrical storm that passed over this locality Wednesday evening, the barn of Frank Lindahl, two miles south of the village, was struck by lightning and totally destroyed. One horse and two calves were inclosed.

Philadelphia, Aug. 31.—The statement of Receiver Earle of the broken Real Estate Trust company of this city that Frank K. Hipple, the late president of the concern, had stolen securities valued at \$65,000 and that the insufficient security amounted to as much as theft, created a profound sensation throughout the city today.

The revelation was an especially cruel blow to his many intimate friends, most of whom are prominent in the Presbyterian church, either as clergymen or laymen. So high was their estimation of the man who abhorred tobacco and liquor and refrained from reading Sunday newspapers, that not only the various organizations in the Presbyterian church made the trust company their depository, but hundreds of members of that denomination placed their money in his company. The number of pastors who used the bank for their savings was exceptionally large. Most of them refused to entertain the theory that Hipple had stolen securities, and it was difficult to make them believe that his secret operations were as irregular as they are alleged to be.

In addition to his church work Mr. Hipple took an active interest in reform politics and is said to have been

## SPEAKS TO OLD SOLDIERS.

**Vice President Fairbanks Makes Address in Kansas.**

Dodge City, Kan., Aug. 31.—Vice President Charles W. Fairbanks delivered a patriotic address here today to several thousand old soldiers and others, drawn from all parts of the state, at the camp occupied by the veterans attending the annual reunion of the Kansas G. A. R. The president arrived this morning from Osawatomie, accompanied by several prominent Kansans, including Senators Long and Benson.

Mr. Fairbanks won repeated cheers from his hearers by his reference to the leading speech in the civil war, and the part that Kansas bore in that and in the Spanish-American war. Later in the day Mr. Fairbanks departed for Boise City, Idaho.

**Two or Three Story

By spring everything will be in readiness to begin work on an addition to the Duluth federal building to cost \$125,000, according to the statement of James K. Taylor, supervising architect of the treasury department, who is in the city today.

Mr. Taylor came up on the Junata this morning for the purpose of looking over the building and deciding how the \$125,000 appropriated by congress can be best expended.

He was shown about by Lee M. Willis, collector of customs and con-

JAMES K. TAYLOR,  
Supervising Architect of the Treasury

today of the federal building, Guy A. Eaton, and Congressman J. Adam Bede, who was instrumental in securing the appropriation.

"I have not yet had time to decide just what he needs," said Mr. Taylor, this morning, "but I think it likely that an addition of two or three stories will be built at the rear of the present building, on ground purchased for the purpose."

It is also possible that the roof will be raised in the front, but this is not yet settled.

Work will be begun on the plans as soon as I get back to Washington, and unless some unforeseen delays occur, they should be all ready so that work can be begun the first thing in the spring."

Mr. Taylor will remain in Duluth a day or two, until he has secured all the information regarding the needs of the various departments. He met all the heads of the departments today, and questioned them as to their requirements in the way of office room.

## PARKER FOR PRESIDENT

**New York Jurist Will  
Head American Bar  
Association.**

**Is Sole Nominee of Gen-  
eral Council—Other  
Nominations.**

St. Paul, Aug. 31.—(Special to The Herald.)—Judge Alton B. Parker of New York was the sole nominee of the general council of the American Bar association for the office of president for the next year. The presentation of the name of Judge Parker was greeted with prolonged applause.

At a meeting of the committee previous to the general session the following slate was named, and which will be acted on later: President, Alton B. Parker, New York; secretary, John Hinckley, Baltimore; treasurer, Frederick E. Wadham, Albany, N. Y.; executive committee, Charles Monroe, Los Angeles, Cal.; Ralph Breckenridge, Omaha, Neb.; James G. Brown, Minneapolis; Walter G. Smith, Philadelphia; Charles F. Libbey, Portland, Me. Messrs. Hinckley and Wadham are the present secretary and treasurer respectively.

The executive committee recommended in its report that a two-thirds vote be necessary for the approval of any legislation, and then only after the report of a committee, which has investigated the subject. The association approved the recommendation that the association affiliate with the movement to establish the "Association Internationale des Avocats."

**Man of Great Promin-  
ence in Journalism  
and Politics.**

Omaha, Aug. 31.—Edward Rosewater, proprietor and editor of the Omaha Bee, and prominently identified with the political, financial and business affairs of Omaha and the state of Nebraska for forty years, was found dead in district court room No. 6, on the third floor of the Bee building early today. Mr. Rosewater had evidently sat down on a bench in the court room and fell asleep and died of heart failure.

Mr. Rosewater went to Waterloo, Neb., Thursday afternoon, where he made a speech at a picnic of the old soldiers at Nebraska. He reached Omaha on his return at 7 p. m. and immediately went to his office in the Bee building. He is known to have been in his office during the evening, but was not seen by members of his family after returning from Waterloo.

It was a habit of Mr. Rosewater to go to different parts of the building whenever his pleasure so indicated, and it is presumed he stepped into the large courtroom and sat down for a minute's repose and fell asleep.

When Judge Troup, who presided over court No. 6, arrived at the courtroom this morning, he was surprised to find the lifeless body of Mr. Rosewater on a bench in the courtroom. He was sitting at the end of the bench, reclining easily against a radiator. He had reclined

## STRENUOUS OBJECTION

**The Monarchists Protest  
Against Emperor Will-  
iam Receiving Witte.**

**Call Him Guilty Author  
of All of Russia's  
Miseries.**

Moscow, Aug. 31.—The Vindomost, the leader of the reactionary press of Russia, created a sensation today by printing correspondence exchanged between M. Usevich, who holds the rank of state councillor and who is president of the monarchist party of Kiev, and Dr. Von Miquel, the German charge d'affaires at St. Petersburg.

From letters printed, it appears that upon the publication of the recent report that Emperor William had invited Count Witte to Wilhelmshofe, M. Usevich, in the name of "All factions of the Russian monarchist party" telegraphed to the German emperor expressing deep regret that such a splendid monarch and head of the friendly German people should receive a man whom the whole Russian people regarded as being the guilty author of the miseries into which the country was plunged and the provoker of the terrorism inspired by hostility to the Jews, to whom he is friendly."

Several days later M. Usevich, according to the Vindomost received through Dr. Von Miquel, a letter saying he had been directed by the foreign secretary to say that the telegram to the German emperor was based on a misapprehension as Emperor William had not received Count Witte and had no intention of receiving him.

Premier Stolypin has sent a circular to the governors instructing them not to be dismayed by the threats or acts of the terrorists, as he is sure the population generally will eventually come to the support of the authorities in the race against the revolutionists.

The Vindomost has been hearing the charges against newspapers has permanently suppressed the Nasha Sloboda violation of the press laws and M. Vodovozoff, its editor, has been sentenced to a year's imprisonment in a fortress.

### FAILS ON PICKET FENCE.

South Bend, Ind., Aug. 31.—Helen Kerr, aged 6 years, fell from a second story window this morning and was impaled on a picket fence. Unassisted she helped herself to ground and back to the house. She is still alive.

Weather Forecast: Partly cloudy tonight and Saturday; warmer tonight; fresh easterly winds.

## THREATENED BY THE ARMY WORM

Insect Destroying Crops Near Audobon in Becker County.

Frazee, Minn., Aug. 31.—(Special to The Herald.)—The army worm threatens Becker county, and especially the vicinity of Audobon. It is a little brown worm, about half an inch long, and has been destroying the crops near Audobon. A sample of the worm was sent to the state entomologist, Prof. Washburn, for examination, and in his absence, Prof. A. G. Ruggles has replied to the communication. He says the worm is without doubt the dreaded army worm. He says:

"When in great numbers, this insect, as you know, marches in great bands across the country, devouring everything green in its path. When once these pests get into a field, it is practically impossible to do anything with them. All one can do is to prevent them getting into the adjoining fields. Some of these preventive remedies would be plowing around the infested fields, leaving everything straight side of the furrow next to the field to be protected, or digging a trench across their path in which severe holes have been dug. In either case persons should go along and kill the masses of worms collected."

"These caterpillars are, however, preyed upon by birds and many parasitic insects. The sample you sent us has been parasitized, and what was supposed to be eggs were the little cocoons of a two-winged fly, which had laid its eggs in the body of the caterpillar."

"These eggs had hatched into little worms, and when mature had bored out through the sides of the caterpillar and made their little cocoons in which they pass the pupal state. In a few weeks the adult fly will emerge from these and will be ready to attack more army worms. It is probable that the army worm caterpillar is killed by the irritation caused by these little worms boring through their skin."

"We had a number of complaints this year about the army worm, and if its enemies, these parasites and others, are not numerous it is possible that we will have a serious outbreak next year."

### BRIEF TELEGRAMS.

Ellis P. Banks, president of the Board-Torrey Show company, died at his residence in Milwaukee yesterday, after a lingering illness. Mr. Banks was actively identified with Milwaukee business interests for forty years.

The Rev. William O'Brien Parlow of New York and the Rev. William H. Rogers of St. Louis, Mo., the two missing American delegates to the congregation of the "Compassion" convention, arrived at Rome yesterday, and, with the exception of the Germans, all the lecturers necessary to here. The first meeting of the convention will be held next Saturday.

Serious excesses marked the anti-Greek demonstration at Chicago yesterday. A thousand demonstrators, after listening to fiery speeches, marched through the streets, wrecking many Greek shops and finally assembled in front of the Russian consulate, the windows of which were smashed with stones before the rioters were dispersed.

The first train over the new short route to Ireland, by way of Pittsburgh (a support of Wales) and Bonaville (near Wexford, Ireland), left Pittsburgh station, London, yesterday morning. The Great Western railway has spent nearly \$10,000,000 in establishing the new service, of which \$2,000,000 was spent in improving the harbor of Pittsburgh. It is claimed that the new route will save several hours in the transportation of the American mails from Queenstown to London. The commissioner of Indian affairs yesterday was notified of the resignation of Roger C. Spooner, superintendent of the Indian warships at Chicago. Nothing has been done toward appointing a successor.

Benjamin F. Sively of South Bend, Ind., was nominated for congress yesterday by the Democrats of the Thirtieth district.

Imogene Reynolds, a milliner, was killed and three persons were seriously injured by the collision of an automobile with a freight train about three miles south of Toledo, Ohio, Thursday morning.

Two more alleged disorderly hotels of the class under investigation by the police were raided at Chicago last night. Only the managers and employees were arrested. Officers were stationed at the hotel doors to prevent anyone entering.

The correspondent at Tokyo of the London Daily Telegraph states that Japan has decided to send a large naval contingent to the London naval review. The contingent will include the opening of the Port of Tokyo to foreign vessels to carry on coasting trade between Port of Tokyo and other Japanese ports.

Frank M. Conner of Ohio, superintendent of Indian schools, yesterday was appointed chief clerk of the Indian bureau, an office created by congress in last session. Mr. Conner has been long identified with the Indian service in the Keweenaw district.

At intervals yesterday, accompanied by vivid flashes of lightning, a heavy rain fell at Chicago. At Touroshon, near Gambia, Turk-Bulgarian band. Severe fighting is reported to have occurred between Greeks and Bulgarians in the Kareljowa district.

Pedro Montt, the vice president of Chile, who was chosen president July 27 for the term of five years by the electoral delegates, was yesterday proclaimed president of Chile by the unanimous vote of congress.

T. W. Burgess made another attempt yesterday to swim the English channel. There was a thick fog and he took a course over Goodwin Sands, on which account the tug accompanying was obliged to leave him. A rowboat kept up with the swimmer, but no authentic news has been received for several hours. An unverified report reached Dover that Burgess had landed near Calais after swimming seventeen hours.

## WEST END COWS SPOIL THE LAWNS

West Enders Complain of Wandering Bees—Gardens Spoiled.

Other Live News From a Live Part of the City.

Like their fellow citizens of the East end, some residents of the western part of the city are complaining that their lawns and yards are being torn and eaten up by unfettered cows and they are thinking of adopting drastic measures, not content to enhance the value of the bovines, to put an end to the nuisance.

Others who suffer from the marauding maneuvers of the bees suffer in silence, caring nothing for the damage done to the lawns, probably because most of them have cows of their own and they understand the whims of the animals and mind them not.

But there are those who dislike it and when some strange cow wanders upon their lawns, punching holes therein so that some of them resemble small sized golf links after bossy is through with them, they are not so particular about the flowers which were being zealously guarded until recently for plucking as a pretty garnishment for the West end dining table of an evening when company is present.

Rev. S. F. Sharpless has probably suffered as much as anyone from the marauding cows. The pastor of the Second Presbyterian church has some-thing at his back garden at his home on Twenty-fifth avenue west and First street and he has been watching it pretty carefully all summer. Gardening is quite a hobby with Mr. Sharpless and his tract contains—or rather did contain—some dandy specimens of all kinds of vegetables. One day when the family was away, however, a small herd of hungry and playful bovines struck the place and created havoc therein. They gorged themselves with the best choice of vegetables which had been raised for home consumption by Mr. Sharpless.

Others in the West end have had similar experiences and there is a growing sentiment against those keepers of cows who allow them to roam at will over the property of others.

### GAFERT GUEST OF HONOR.

Tendered Party at Home of Mr. and Mrs. Richard Wallen.

Axel Gafert was the guest of honor at a party given Wednesday evening at the home of Mr. and Mrs. Richard Wallen, 120 West Superior street. The evening was happily spent, games and music being the chief diversion.

Among those present were Messrs. B. A. Marten, who will spend a few days at the home of Mr. and Mrs. J. S. Forward have Mrs. Church of Iowa as their guest. Miss Ida Johnson leaves the first of the week for Wadena, where she is to teach school.

Miss Ella Holmstrom has returned to the city to resume her studies at the normal school. She is staying in the West end.

Miss Nellie Stensberg has returned from Mississippi, Minn., where she has been visiting her sister for two weeks.

Dr. O. A. Oredson purchased an 8-acre tract of timber land near Hermon yesterday. He will make no improvements upon it just at present.

B. M. Stitt of the Esmond, has gone to Hibbing, where his daughters have been visiting. He will return with them the end of this week, when Mrs. Stitt is expected to return from St. Paul, where she has been visiting.

Charles Mark has gone to Chicago on business. Miss Anna Segerman and Mary Anderson will leave tomorrow night for the Twin Cities where they will visit friends and take in the state fair. They will be gone several weeks.

Miss Anna Anderson of 2314 West Eighth street, has returned from Moose Lake, Minn., where she has been visiting for two weeks. The members of the S. & P. club of the West end will last evening at the home of Axel Gafert, at Twenty-ninth avenue and Huron street. They spent an enjoyable evening.

## ATTRACTS INTEREST

Coming Annual Meeting of the American Civic Association.

Will be Held in Milwaukee During Month of October.

Milwaukee, Aug. 31.—When the civic improvement movement first came into national importance the fact that it made its home grounds the unit of its campaign for a clean and beautiful national life gave many persons a misapprehension as to the purposes of the civic propaganda—and the many who have since said, "back yard politicians" and such things.

Today America stands hat in hand beside the way it the civic improvement people choose to take a day off from the work that they have undertaken to do, and march up and down the land, figuratively speaking, to see how things are coming on here and there—for all no problem of clean public life is too small to receive the attention of these workers, none is too large to engage their effort.

Locally we know the civic improvement association by almost as many names as there are communities in which it exists, but locally local bodies are welded into one strong national organization—the American Civic Association. Its headquarters are in Philadelphia, but it was quick enough to smash the plans of the commercial pirates who sought to destroy Niagara Falls, and it has been about "on time" in a good many similar instances.

The association has its convention annually and this year it has come to be a big scramble for it among leading cities. Last year Cleveland was the fortunate town, and this year the convention goes to Milwaukee. The convention will be held late in October. It will be in session three days, beginning on Wednesday morning. The first morning session will be devoted to the addresses of welcome, the annual review of the secretary, Clinton Rogers Woodruff, who will read "The National Impulse for Civic Betterment," the report of the treasurer, the nomination and election of officers and miscellaneous business.

On Wednesday afternoon the association's work for the year will be covered in brief reports from the departments, which are as follows: Women's outdoor league, arts and crafts, children's gardens, city making, libraries, outdoor art, public recreation, press, public nuisances, parks and public reservations, railroad improvement, rural improvement, school extension, social settlements. The features of the Wednesday afternoon session will be papers and addresses on "Wages and the Contribution to Civic Progress." Special attention will be devoted to the work in Milwaukee, Madison, Racine and Menomonee, and also to the traveling library system of the state.

Thursday morning there will be papers on "San Francisco's Opportunity and How She is Using It," by ex-Mayor James D. Phelan, a vice president of the association. The program covers addresses on "Architecture and Civic Progress," Thursday afternoon will be devoted to "What Women Are Doing for Civic Improvement" under the general direction of Mrs. Edward L. Upton, chairman of the women's outdoor league department of the association. Arrangements have been made already for papers by Mrs. William Christian of Texas, Mrs. M. P. Johnston of Indiana and Mrs. C. B. Crane of Michigan. Additional speakers will be engaged before the convention meets.

The greatest general interest in the convention will doubtless center around the Thursday evening session, and its discussion of national civic problems. J. Horace McFarland, president of the association, will speak on "The Slender Campaign." Hon. Henry B. F. McFarland, one of the commissioners of the District of Columbia, is expected to discuss "Our National Capital." The Apalachian Reservation, the subject of other addresses, Friday morning there will be special discussion of "The Civic Opportunity of the South," by W. A. Finkenberg, Minnesota; "What One Association Did," by E. A. Whitcomb, Massachusetts; "Mosquito Extinction," by J. A. Whitcomb.

### ROSEWATER OF OMAHA IS DEAD.

(Continued from page 1.)

his head on his extended arm, across an arm at the end of the bench. In his right hand he held a handkerchief, having evidently been using it to wipe the perspiration from his face.

Mrs. Rosewater left a light burning at the family home, which is directly in the rear of the hotel building, anticipating that her husband would be home during the evening. When he did not appear, Mrs. Rosewater notified Chief of Police Donahue that her husband had not returned home although it was known that he had been at his office during the evening. Nothing was done in the way of search, however, as it was not uncommon for the veteran editor to be detained late in the newspaper office.

Judge Troup, on finding the editor's body in the courtroom, called in Attorney Jeffries, who has an office on the same floor, and the office of the Daily Bee was at once notified. The body was later removed to the Rosewater home.

The death of Mr. Rosewater, coming thus suddenly, was a shock to the people of Omaha, and immediately it was known, extra papers announced the death to the public.

Dr. Charles Rosewater, brother of the dead editor, said to the Associated Press that the evening when he died, his brother had been suffering from a long campaign in which Mr. Rosewater was a prominent candidate for the nomination by the Nebraska state convention for United States senator.

The convention occurred Aug. 22, and Mr. Rosewater, unanimously supported by the delegation from Douglas (Omaha) county, was a prominent figure at that gathering. There were several ballots taken during the course of which Mr. Rosewater gained steadily against his chief opponent, Morris Brown. Following the ballot which nominated Brown, Mr. Rosewater delivered an earnest speech to the convention, thanking his friends for their support, and pledging himself to the support of Mr. Brown and the state ticket, and urged the convention to nominate a clean ticket, for which no apologies would be necessary.

Mr. Rosewater, following the con-

## "The Tides of Barnegat"

By F. HOPKINSON SMITH.

In this story Mr. Smith has touched a deeper note than in any of his previous books. It is a story of life on the shores of Barnegat, a tale of love and death, sin and self sacrifice, lightened by the kindness and sympathetic humor that characterize all his writings. The great variety of persons that figure in the story, the dramatic scenes and tremendous ending, the vivid and beautiful descriptions of storms and sunshine, and the splendid open-air tone and spirit of the book set it apart from other novels.

### WEST DULUTH

## GIRLS ARE ON STRIKE

Complete Change Made at West Duluth Telephone Central.

Company Says it is a Discharge Rather Than Strike.

A complete change in the force of "hello girls" employed by the Zenith Telephone company in West Duluth was made this morning and some inconvenience is being noticed by users of the phones as a result of the change. A number of the subscribers were not listed in the books as yet and as the new force does not know these numbers there is some difficulty in this line, while a large number of users in West Duluth who have fallen into the habit of asking for names rather than numbers as the girls were perfectly familiar with the boards, are now compelled to use their directories with greater frequency.

The girls who went out, Ottilie Briggs, Meda Brotherton and Leona Briggs, claim that the cause of the change is a strike, while the officers of the company characterize the affair as a lockout or general discharge, because the girls refused to obey orders. W. M. Hubbard, general manager for the company, said that things would be working smoothly again in a few days.

### Church Bazaar.

The preparations for the annual St. James' bazaar to be held in Wade's hall, Sept. 24 to 29 inclusive are rapidly nearing completion. Two hundred have been planned, the young ladies who are to take charge of them are working hard to make them a success, and everything indicates one of the biggest and successful affairs the parish has ever held.

One of the principal features of the bazaar will be a raffle for a \$2000 antique oil painting by a Wisconsin artist, a portrait of Rev. E. W. Lynch. The painting was presented to Father Lynch and he has donated it to the bazaar management to be the prize in a raffle.

### Dies From Injuries.

Mrs. Helen Cullen, 70 years of age, died this morning at the home of her daughter, Mrs. T. N. Flaherty, 210 South Fifty-seventh avenue west, from injuries received from a fall Wednesday. She slipped and fell fracturing her hip and receiving other injuries, and the shock combined with her age and weakness, proved fatal. She has been very feeble for some time and was in no condition to sustain the shock of the accident.

She leaves two sons, John E. and Frank Cullen and one daughter Mrs. J. A. Flaherty at whose home she was at the time of her death.

### Blaze in Sheds.

The West Duluth fire department received a call last night at 4:47, to 6423 Grand avenue west. The fire was in the sheds back of the store of T. A. Evans and the sheds and outhouses were almost entirely consumed, the damage being about \$50. It is thought that the fire originated from some boys smoking in the building.

## A Suggestion of Correct Fashions in Women's Wearables and Dress Fabrics for Autumn

### New Suits, Coats, Waists, Etc.

We don't pretend to have a complete showing this early, but we know you'll be delighted to see these advance representatives of what will soon appear in such abundance as the most popularly accepted fashions for fall.

**Among the New Suits.**

Are some delightful styles showing 22 and 24 inch coats, new Pony coats, dainty and novel Etons and blouses, besides the already famous "Prize Chap" models and semi-fitted styles of about equal length.

Materials such as fancy Scotch mixtures and fancy worsteds, besides broadcloths and serges in great variety.

The range of prices is not yet complete, but as the preliminary showing now appears, prices run from **\$15 to \$50.**

**First Showing of Fall Coats.**

A splendidly attractive lot—this advance showing of coats—"Auto," "Tourist" and other styles in what one might think is nearly every conceivable sort of pretty, fancy mixtures and checks. An especially interesting item—50-inch broadcloth coats in black, red and blue—extra full coat—at **\$17.50.**

**Many New Fall Skirts.**

The materials include Panamas, worsteds, serges, fancy plaids and show many effects—in fact, every idea in beautiful skirts. The prices range now from **\$5.98 to \$15.**

**New Silk Waists—Plaids.**

The plaid feature is the best departure from the styles of former seasons—plaids that are entirely new and different. Come and enjoy them.

### New Things Among Silks

Most of the things mentioned in this connection are blacks—but they're new—and just as important as the host of pretty weaves showing bright colors.

**Thirty Shades of Silk Taffeta at 59c.**

A very excellent grade—19 inches wide. Nothing better for petticoats or excellent linings, as there are over thirty shades, in both plain and changeable colors—and the price is but 59c a yard.

**36 Inch Black Taffetas.**

Two qualities—both weights and qualities that cannot be duplicated in the city for 25c a yard more than we are asking.

**AT \$1.00—not to be duplicated anywhere for \$1.25**

**AT \$1.25—not to be duplicated anywhere for \$1.50**

**36-Inch Beau De Soie, \$1.50.**

It's a weight for which stores in the south and east of us are asking more money. Come and see it.

**SPECIAL—Our "Iron Wire" at \$1.50 is universally conceded to be the best on the market at any price.**

**PANTON & WHITE COMPANY**  
THE BIG GLASS BLOCK STORE  
WHERE QUALITY IS PARAMOUNT

### The New Fall Dress Goods.

Not less interesting nor less expressive of style and fashion for fall is the showing of new things in the section of dress-goods fabrics.

**Exclusive Scotch Plaids, 98c.**

William Anderson's Scotch plaids are in—nothing nicer for school dresses, suitings and waistings—all 42 inches wide—all colors, large and small patterns—and shown here only—the price is 98c.

**See the New Wool Taffetas, \$1.**

Beautiful little invisible checks—all wool taffetas—45-inch materials at **\$1 a yard!**

**Two Splendid New Flannels.**

First, "Moleskin" flannels! Just a word. They're so good that 9 out of 10 concerns the country over are asking 12 1/2c, but our price will be 10c. You'll like them for dressing gowns, etc.

**Fleece Down is "It," 15c a Yard.**

Just come and look at the dainty organza printing in this material, besides the swell effects in Japanese design and colorings. There are also seven plain colors for trimming purposes—and the price commends it to everybody—**15c a yard.**

**A 36-Inch Lining Satin for \$1.**

Very heavy and beautifully finished—comes in gray, ivory, mode and black. If you're contemplating the necessity of relining the winter coat or jacket, you can't reasonably afford to miss this "good thing."

### FINAL MEETING.

**Labor Day Committee Will Make Final Arrangements for Picnic.**

The final meeting of the Labor day committee will be held at Labor World hall this evening and a general revision of all the arrangements will be made.

Practically everything has been taken care of by the committee and nothing more will be done this evening than to go over the completed arrangements and see that nothing has been omitted. There still remain a few

of the privileges to be sold, but there is otherwise little left for the committee to attend to and the members may now sit back and hope that the weather man will favor them next Monday.

The one thing that has greatly hindered the committee in its work has been the profuse advertising of the Labor day picnic, so-called, to be held at Lincoln park. This picnic has been gotten up by the Young Men's club of West Duluth and is not sanctioned by the labor organizations of the city. The official Labor day picnic will be held at Fairmont park.

### CHIEF KEATING RESIGNS.

**Head of Cass Lake Police Force Resigns Grain Force.**

Cass Lake, Minn., Aug. 31.—(Special to The Herald).—City Marshall Keating yesterday tendered his resignation as chief of police and deputy sheriff. His services on the grain

force were sorely missed, and after receiving many flattering letters from the state grain authorities, imploring him to again join the force, Mr. Keating concluded to accept.

With the resignation of Patrick Keating the village of Cass Lake loses one of the best officials that ever donned the star. His services have been most praiseworthy and satisfactory. Not once during his term has he allowed a law-breaker to escape his clutches, once he was on his trail. When the village council passed an ordinance, he unhesitatingly worked to put it into execution, and his efforts were in all instances successful.

## WORK HABIT WAS NOT PERMANENT

### Pat Landy Was Unable to Break His Social Ties.

"Oh, no, your honor, please, don't send me to jail. See, I've got a ticket and will get right out of town to Floodwood, and get to work if you will let me go. I like to work, and I want to start right at it."

Pat Landy, who was arrested in a local employment office yesterday, while drunk, and after he had put another man out of commission for a time with a blow in the stomach, made such a strong plea, yesterday afternoon, that Judge Cutting decided to give him a chance.

This morning came, and so did Pat. He simply could not get away from Duluth, and all he could produce, be-

side a bad breath, was the same old employment ticket. Landy did not have quite so much ambition to work when the court questioned him about it, on his plea of guilty to the charge of being drunk. Pat was sent up to the county jail for twenty days, where he will work for the county for his board and lodging.

Peter Stone, another drunk, second offense, was given the same jail term. William Martin, charged with being a vag, pleaded not guilty, and his trial was set for this afternoon. In default of \$20 bail, Martin was returned to the city jail.

Thomas Bird, an old railroad man, who was picked up while sleeping off a drunk in the Union depot yesterday, pleaded not guilty. His trial was set for this afternoon, but Bird decided that it would be wiser to change his plea to guilty. He did so, and sentence was suspended on condition that he get right out of town.

## RAILROADS

### DEFEAT IS ADMITTED

The Former Armour Car Line Tariffs Are Discontinued.

Fruit Jobbers Will See That Rate Law is Obeyed.

E. M. Ferguson of the Knudsen-Ferguson Fruit company of Duluth, who played such an important part in bringing about legislation, prepared with a view to doing away with the private car line evil, has been notified by the Western Fruit Jobbers' association that Armour & Co., proprietors of private car lines in all parts of the country, have given notice that all former tariffs made by the company on fruits, vegetables, meats, etc., shipped in their private cars, have been discontinued, and that, since the Hepburn rate bill became effective, freight rates on all such articles will be prepared and published by the railroads themselves. The Western Fruit Jobbers' association asks members to see to it that the new law is lived up to in regard to the posting of tariff sheets in depots. Tariff sheets are supposed to be posted where anyone interested may read them, and the tariffs thus given must be observed at all times. The leading agent of Mr. Ferguson, backed by the fruit jobbers of the country, in the fight against the private car lines, was to have refrigeration and icing charges included by the railroads in the regular tariff, making only one charge for a shipment of fruit, instead of two, as in the past.

The shippers consider themselves greatly benefited by the provisions, which require the railroads to include all charges of every nature in their quoted prices. Heretofore the shipper had to figure for himself on icing, refrigerating and elevator charges, and the dozen or more incidentals, dictating with the separate companies which had a hand in the transportation and care of his shipments. Now the railroad must do that, and the shipper must but one charge, and deals with but one concern. All the sources of side charges are consolidated, and private cars, side tracks, spurs, terminals and elevators are made subject to the law.

## C. P. O'DONNELL PROMOTED

Made St. Paul City Passenger Agent of Northern Pacific.  
C. P. O'Donnell, formerly a Duluth railroad man, and brother of C. J. O'Donnell, of Duluth, has been appointed city passenger agent of the Northern Pacific at St. Paul, and city ticket agent of the Burlington, succeeding G. A. McCaskey, whose resignation becomes effective today. Mr. O'Donnell for some time past has been district passenger agent of the Northern Pacific at Indianapolis. He has been in the service of the Northern Pacific for about ten years, entering the local ticket office in 1896, and later being promoted to the position of city passenger agent and ticket agent in Superior. Mr. McCaskey goes to North Yakima, Wash., to assume charge of his extensive fruit interests.

## BRIDGE OVER LITTLE FORK.

Work Being Pushed by the Minnesota & International Railway.

Big Falls, Minn., Aug. 31.—(Special to The Herald.)—The Minnesota & International railway is pushing the work on the new bridge which the company intends to build across the Little Forks river at Big Falls. It is the intention of the company to span the river at once, but whether the line of railroad will be extended north of Big Falls this year is known only to the officers of the company, and they are maintaining a Sphinx-like silence relative to the plans of the company. The new bridge will have 1,300 feet of an approach and the main trestle over the river will be 800 feet. The approach is being built as rapidly as possible, and already fifteen bents have been driven from south end of the bridge. There will be two spans and the bridge will be a substantial affair in every respect.

It is known that several different surveys have been run north from Big Falls towards International Falls, the objective terminus of the Minnesota & International, and the fact that there is considerable activity at the townsite across the river from Big Falls would indicate the intention of the railway to extend the line in the not distant future.

## LAND CASES DECIDED.

Titles of A. W. Sanborn and Mary E. Coffin Are Voided.

Register J. C. Engle and Receiver J. M. Smith of the United States land office, yesterday filed decisions which render void the titles of A. W. Sanborn and Mary E. Coffin to certain lands which have been subject to legal action since April 28, last.

A. W. Sanborn's interest lay in section 6, 58-3. When the plot of this township was filed in the land office in 1903 there was also filed a list of the land in controversy by the state under its swamp land grants, the land in question being included. The decision rendered yesterday was based upon the fact that the land was swamp land at the time of Sanborn's filing, when the grant was made to Minnesota.

The second case involved Mary E. Coffin's title to lot 1, section 7, 58-3. The land is adjacent to the Sanborn properties and the conditions of the case are similar with the exception that, at the time of the Coffin filing the land was unsurveyed. The tract was re-

## IMPORTANT STEP

To be Taken by Farmer in the Red River Valley.

Crookston, Minn., Aug. 31.—(Special to The Herald.)—One of the most important steps ever taken by any of the farmers in this section of the country was determined upon by Fred Suggsback of Monee, Ill., who arrived in the city yesterday to look after his farm, consisting of 640 acres located near this city, being the combined Dr. Lowe and Jacob Ide farms, two of the best in this section, but which have been bothered by a surplus of water for the past two years. On the arrival of Mr. Suggsback, he announced his intention of tilling the entire farm early in the spring, and will put a large crew of men at work at once. The farm was purchased through the Red River Valley Land company of this city, and John D. McPhee of that company is much elated over the determination

of Mr. Suggsback to till the farm, as he believes it will mark a new era in the development of the Red River valley, and will result in the farms of the valley increasing in value from \$75 to \$80 per acre.

Up to the present time no one had even talked of the drainage, aside from the work planned by the state experimental farm, north of this city, and the work there had just been started as an experiment.

MEMBER OF MOB DIES.  
Salsbury, N. C., Aug. 31.—Emmanuel J. C. McLendon, who was shot in the jail here on the night of Aug. 6 when a mob stormed the jail and took from it three negroes, whom they lynched, died this morning. McLendon was a native of Mecon, Ga., and leaves a widow and six children. Solicitor Hammond took Mc-

Lenon's ante mortem the day after the shooting and he believed the dead man was one of the mob and was shot by a member of the lynching party.

## ASKS FOR DIVORCE.

Henry Mundt Says Wife Ran Away With a Showman.

Henry Mundt filed an application in district court yesterday for a divorce claiming that his wife, Bertha, ran away with David Henderson, a member of a carnival company, last summer. Mundt is 42 years old and his wife is 34.

Mundt, who is a mechanic, swears that he sent his wife money with which to buy a ticket to join him in Mexico two years ago and she refused to join him and would have nothing to do with him. When he arrived

home last Christmas he claims to have found his wife in questionable company. He is represented by I. Gretum.

TO DECLARE DIVIDEND.  
Topeka, Kan., Aug. 31.—The first dividend to the creditors of the concerns of the late C. J. Devlin, who died shortly after his various coal mining and other enterprises with a total valuation of between \$1,000,000 and \$2,000,000, became involved, will be declared today from the Marcelline & Mercantile company. The money is made available by the sale of stock in the company to the trustees of the Devlin estate.

LOST ALL HIS GRAIN.  
Glencoe, Minn., Aug. 31.—During a storm here Wednesday night lightning struck a barn owned by Pete Eliast and burned it to the ground. He had just finished his thrashing and had it filled with grain. Two years ago a cyclone destroyed his house and barn.

## BEDE TALKS OF FARMING

People of Beltrami County  
Made a Hit With  
Him.

Returns to City After  
Filling Cole's Shoes  
as Speaker.

Congressman Adam Bede returned this morning from a visit to the western part of the district, and appears well pleased with political conditions as he found them. Tonight he will speak at the Armory.

"So far as my candidacy is concerned, I find everything in the western part of the district in a very satisfactory condition," said Mr. Bede today.

"Wednesday I attended the Beltrami county fair at Blackduck and met many Beltrami county people who had come over the line. Hon. A. L. Cole, Republican candidate for governor, was unable to be present and I was substituting for him. The soil in that section of the state is the richest I ever saw anywhere, and the grasses and vegetables the finest in the world. Blackduck is a charming little community, quite different from what one expects to find in a frontier town, and the people are up to date in every respect. It is seldom that one can meet a quicker or more responsive audience than the one I addressed there, and the experience makes me think all the more highly of Northern Minnesota.

I dropped off at Aitkin to see my many friends there, on my way home, and found some impatience over the handling of the reservoirs and the absence of the government in affording a preventive of floods, but nobody took any interest in Mr. Hamilton's argument seemed to have faded away.

Through my efforts the matter of a cut-off ditch in the Mississippi, from Waukegan to Pine Knoll, is now before the rivers and harbors board of engineers at Washington, and I have urged the Aitkin people to get action on the board all the facts they can, bearing on the subject. If they do so at once, I may be able to get action in the rivers and harbors bill this winter, but otherwise it will have to wait for the next bill, which will not be passed until two years from next winter, or 1909. It is a good deal easier for the newspapers to knock me than it is to gather the facts and help me get an appropriation, but I shall keep right on with the good work just the same. It is something which I think the government ought to do, and no amount of newspaper abuse can abate my efforts on behalf of the Aitkin county people.

## COPPER STOCKS ARE UNCHANGED

Market Has Weak Tone  
During Morning But  
Rallies Somewhat.

The copper stock market was a little off during the early part of the day, after opening about unchanged from yesterday. The money market was a factor in stocks, call money advancing from 8 1/2 to 12 per cent in New York. It was 12 per cent at the close.

North Butte opened at \$26.37 1/2, declined to \$26.50 and closed at \$26.50 bid and \$24 asked. Anaconda opened at \$26.50, fell off to \$108.87 1/2, rallied to \$109.75 and closed at \$109.50 bid and \$109.75 asked. Butte opened at \$27, declined to \$26.25 and closed at \$26.25 bid and \$27 asked. Calumet & Arizona opened at \$120.75, declined to \$120.37 1/2, rallied to \$121 and closed at \$120 bid and \$121 asked.

Superior & Pittsburgh sold at \$17.12 1/2 and \$16.37 1/2 asked and closed at \$17.12 1/2 bid and \$17 asked. Dominion sold at \$19 and closed at \$18.75 bid; Canadian (Central) sold at \$15.75, closing at \$15.25 bid and \$15.75 asked; Warren at \$11.75 and \$11.50 and closed at \$11.50 bid and \$11.75 asked. Consolidated at \$6.25 and \$6.12 1/2, closing at \$6 bid.

Hancock Consolidated \$8.50 bid and \$8.75 asked. Keweenaw at \$25 bid and \$25.75 asked. Copper Queen of Idaho at \$17.50 bid and \$2 asked. Copper Tunnel 25 cents bid and \$2.00 bid and \$2 asked. Black Mountain sold at \$5.50 and closed at \$5.50 bid.

## MONTHLY BULLETIN.

Weather Forecaster Tells What May be Expected in September.

Local Weather Forecaster H. W. Richardson has issued his monthly bulletin, describing the average weather conditions which have prevailed during the month of September for a period covering the past thirty-five years. According to this bulletin the earliest date on which a killing frost occurred was on Sept. 28, 1892. The average date at which a frost may be expected is Oct. 4, and the last killing frost, if it comes any year, where near the usual date for frosts, is due to fall on the evening of May 3, next year.

The average precipitation for the month has been 3.67 inches, though nearly three inches fell in twenty-four hours in 1873, and in 1871 the total precipitation was 11.21 inches. The prevailing winds are from the northeast, the average velocity being 8.3 miles per hour, though a velocity of 28-miles per hour, in 1881, still holds the record.

## VAN PRAAGH SELLS OUT

J. C. McGreevey Gains  
Control of Duluth  
Baseball Club.

Big Changes Will be  
Made Before Another  
Season Opens.

Through the sale of his stock to J. C. McGreevey, L. A. Van Praagh has finally severed all his connections with the Duluth Baseball club.

Since moving to Winthrop "Van" has retained his stock in the club, and has been more or less active in the management of its affairs, but he will now step out. The purchase of Van Praagh's stock gives Mr. McGreevey a controlling interest in the club, and there will probably be some big changes in baseball affairs before next season. Immediately after the close of the season a meeting of the stockholders will be held and all who have any interest in the club will be given an opportunity to express their views. Some changes are also to be made in the grounds before next year, and if new ones are not secured, the present grounds will be torn down, the field thoroughly leveled off, and new fences erected.

The plans to include St. Paul and Minneapolis in the circuit next year will also be taken up after the season closes, and some big changes are likely to be seen in baseball affairs before another pennant race begins.

will be held and all who have any interest in the club will be given an opportunity to express their views. Some changes are also to be made in the grounds before next year, and if new ones are not secured, the present grounds will be torn down, the field thoroughly leveled off, and new fences erected.

TRANSPORT IS ASHORE.

Sheridan on a Coral Reef on Island of Oahu.

Honolulu, Aug. 31.—The United States army transport, Sheridan, is ashore on Barber's point, the southwestern extremity of the island of Oahu, on which Honolulu is located. News of the grounding of the Sheridan was received from the wireless telegraph station at Barber's point, but no details of the accident have yet been learned. It is reported that the steamer is on a coral reef. Arrangements are being made to send assistance immediately to the stranded vessel. The tug Porpoise is the only vessel available at present. There is a lighthouse on Barber's point.

RETAINS CHAMPIONSHIP. Chicago, Aug. 31.—Mrs. C. L. Derling, the present holder of the Midlandian, the woman's Western golf championship, retained her title by winning the final game in the tournament today over Miss Frances Ever-

## OPEN SHOP IN SERVICE.

Postal Authorities Will Not Allow Coercion by Employes.

Washington, Aug. 31.—The principle of the "open shop" will be applied to the postal service, according to a decision reached at the department yesterday at a conference between Postmaster Fred A. Busse of Chicago, and Acting Postmaster General Hitchcock and Second Assistant Postmaster General Shallenbarger.

The visit of Postmaster Busse to this city was brought about by the announcement, recently made, of the proposed formation of a national labor union of postal clerks in affiliation with the American Federation of Labor. The determination yesterday was that so long as the postal clerks or other postoffice employes conform to the rules and regulations of the office and do not attempt to coerce or in any way molest those who do not enter the

union there will be no objection to the

employes affiliating with labor organizations. It was expressly stated, however, that the department would afford the fullest protection to those who for reasons of their own do not see fit to join the union.

## GIVES HIMSELF UP.

W. H. Latimer, of Get-Rich-Quick Concern, Finally Surrenders.

Philadelphia, Aug. 31.—William H. Latimer, familiarly known as "Handsome Harry," manager of the Provident Investment bureau, which was forced out of business eighteen months ago, and who has since been a fugitive from justice, yesterday surrendered. Frank C. Martin, alias Judge Franklin Stone, Stanley Francis, alias Arthur S. Foster and Latimer were the organizers of the Provident Investment bureau, a get-rich-quick concern. Francis was arrested and sentenced to five years, Martin and Latimer escaped. Latimer said he fled to London, where he met Martin and Miss Sophie Beck, a friend of Martin's. He traveled through England, France and Canada, and was finally arrested in Calgary, province of Alberta, but was released, as his offense was not extraditable. Wary of wandering, he finally determined to come back and give himself up.

## COLLECTOR REINSTATED.

Frederick O. Murray Will Now Serve at Buffalo, N. Y.

Washington, Aug. 31.—The secretary of the treasury today formally reinstated Frederick O. Murray, as collector of customs at Buffalo, N. Y. Mr. Murray was appointed on Feb. 23, last and shortly thereafter was indicted on several counts for alleged connection with what is locally known as the graveyard scandal. He was tried on one of these indictments and upon order of the court a verdict of not guilty was returned. The other indictments were quashed. Mr. Murray was suspended at his own request.

said today that the exhibits in his

department would exceed those of

1905, in number by about 50 per cent.

This enormous increase is largely

in individual exhibits by farmers, a

wonderful evidence of the progress

of the fair as an educational factor

in agricultural matters. There are

over 12,000 entries in the agricul-  
tural matters. Among these are  
eleven farm exhibits. In the sweep-  
stakes collections of corn and grains  
there are from ten to a dozen en-  
tries in every classification.County exhibits are very fine in  
quality. The competing counties are  
Itasca, Blue Earth, Morrison, Hous-  
ton, Goodhue and Olmstead.The horticultural exhibit is being  
put in place, and will be better than  
last year, although this is not a good  
year generally.J. Adam Bede
